2. Please provide your Unique Entity ID (SAM UEI number)
This takes the place of your DUNS number effective April 4, 2022.
E9DLJC1HGNQ8

3. Please describe "What" your need is and "Why" you need it.
If submitting more than one project application for FY 2023 SHSP, please rank this project application in order of priority. (Example 1 of 2, 2 of 2, etc.)
We are requesting funding to purchase one powered gurney for fatality management. The Laramie County

Coroner's Office has seen a significant increase in their caseload over the last year, especially due to the continuation of infectious diseases. The purchase of this equipment is an essential component to the operations at the Coroner's Office. The gurney is critical to providing easy transportation and movement of deceased individuals.

This request supports Laramie County's mass fatality management plan by enhancing availability of proper equipment. This equipment can be deployable and used countywide and can be loaded into the Mass Casualty Trailer.

4. List your AEL Codes here. REQUIRED for all equipment requests. The AEL is available at <http://www.fema.gov/authorized-equipment-list>.

Some equipment items require prior approval before the obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required.

09ME-05-GURN Gurneys

5. Does this project require new construction, renovation, retrofitting or modifications of an existing structure?

Are you drilling holes in walls, turning dirt or modifying an existing structure in any way?

☐ YES - An EHP may be required

☒ NO

6. Does the requested funding cover all components of the project?

☒ YES

☐ NO

7. Will you accept partial funding?

☐ YES

☒ NO, explain: We will not be able to purchase equipment with partial funding.

8. Have you applied for other grant opportunities to fund this request?

If yes, please name what other grants have been applied for, the amount of funding received and what portion of the project the funding was for.

Yes, The Laramie County Coroner's Office has applied to WOHS in the past for this equipment. However, we have submitted no additional applications for this equipment. Homeland Security did provide the Coroner's Office with funding for one powered gurney in 2021 in the amount of \$41,110.00.

9. Does this project support a previous SHSP award?

☒ YES

☐ NO

10. ** If you answered YES to number 9, please answer: (a) what previous year; (b) the project name; and (c) the last completed milestone. ** If you answered NO, please put N/A.

Yes, as mentioned above Homeland Security provided funding to the Laramie County Coroner's Office in 2021 for the purchase of a powered gurney. The gurney was purchased and put into service in April of 2022. This was under the 21-SHSP-LAR-LC-CRP award for \$43,410 (Powered Gurney and Body Deck).

11. Is this project part of a multi-year strategy? If YES, please explain. Otherwise, put NO.

No

12. Did you or your jurisdiction participate in the THIRA?

☒ YES

☐ NO

13. Does this project address gaps identified in the THIRA/SPR?

☒ YES☐ NO

14. If YES to #13, explain how this project ties into your THIRA/SPR and how it addresses the gap. If NO, explain what other assessments, exercises or real world events identified the gap being addressed.

(For example: cyber/physical security assessment)

Our request addresses the Laramie County THIRA, with examination of the fatality management services capability. The THIRA confirmed our known gap in this area within response and recovery efforts. The power gurney would facilitate an efficient process for transporting bodies from the field to the morgue. This would be especially important during a mass casualty event. Our THIRA identified body recovery and mortuary services as a gap, due to limited capabilities to quickly transport and process large numbers of deceased individuals. There has been increased uncertainty and large volumes of individuals having COVID-19 upon their death as well as other infectious diseases. This equipment is critical to ensuring that our team can adequately respond to all deaths within the community.

15. All projects under this grant must have a nexus to terrorism. Please describe how your project relates to acts of terrorism.

The proposed project will increase our office's ability and capacity to remove and transport bodies and remains from the scene to the morgue. This ability is particularly useful in terrorist or CBRNE events where the potential for a large number of deceased may exist. The response and removal of bodies will be precise and efficient with the requested equipment, allowing for expedited cleanup and investigation of scene.

16. Provide justification on how the project will be maintained, supported, and sustained.

If our request is funded, The Laramie County Coroner's Office will assume all responsibility for the maintenance of the equipment to keep it operational and ready for use internally and externally by MOU partners. The requested equipment will be sustained by Laramie County for future operations. Our request would assist Laramie County and the state in fatality management.

Milestones

Submit a minimum of four (4) milestones for all projects. Milestones should represent a logical progression of the project to allow for realistic monitoring and management of grant funding. This attribute will function as a tool for measuring project progress in future reporting periods. Provide a high level narrative description of activities to occur within each milestone including anticipated milestone dates/timeframes.

23. First Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

A grant award is expected to occur in October 2023. We will establish a budget and accounting line items to prepare for the funding. Upon award, the County will follow policies for procurement.

24. Second Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

It is estimated that contracting and purchasing will take place in November 2023-January 2024.

25. Third Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

We anticipate receiving equipment between February-April 2024 and will work to implement and incorporate the equipment into our department.

26. Fourth Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

Our final milestone will be to close out and finalize all grant items for the grant from the Wyoming Office of Homeland Security. We anticipate being complete with all activities by June 2024.

Additional Information

27. Provide any additional information about the project you would like us to consider.

You may upload a document if you need more space.

Zoom Grants shows that Laramie County's Sam.gov registration expires on 12/27/22, but it has been renewed and is good through November 30, 2023. A copy is attached.
