

RESOLUTION NO.

A RESOLUTION AUTHORIZING THE RATIFIED SUBMISSION OF A GRANT APPLICATION TO FIREHOUSE SUBS PUBLIC SAFETY FOUNDATION ON BEHALF OF THE GOVERNING BODY OF LARAMIE COUNTY, WYOMING TO REQUEST FUNDING FOR THE LARAMIE COUNTY SHERIFF'S OFFICE IN THE AMOUNT OF \$44,722.20.

FOR THE PURPOSE OF: REQUESTED FUNDS WILL BE USED TO PURCHASE 20 AED'S FOR PATROL VEHICLES.

WITNESSETH

WHEREAS, the Governing Body of Laramie County desires to participate in the Firehouse Subs Public Safety Foundation grant by sponsoring this grant application to assist in financing this project; and

WHEREAS, the Governing Body of Laramie County has been provided with preliminary cost estimates and information on this project; and

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF LARAMIE COUNTY that a grant application in the amount of \$44,722.20 be submitted to Firehouse Subs Public Safety Foundation for consideration of assistance in funding the Laramie County Sheriff's Office.

BE IT FURTHER RESOLVED, that Sandra Bay, or her successor in the position of Laramie County Grants Manager, is appointed as agent of the Laramie County Board of Commissioners to execute and submit applications and certifications for these funds and to receive funds and implement the programs funded under this grant.

PASSED, APPROVED AND ADOPTED THIS 21st DAY OF JANUARY 2025.

By: _____
Chairman of Laramie County Commissioners

Date: Jan 21, 2025

ATTEST:

Debra Lee, Laramie County Clerk

Date: Jan 21, 2025

Received and Approved as to Form only By:

Laramie County Attorney's Office

Date: 1-9-24

APPLICATION REQUEST INFORMATION

The type of grant you are requesting: Equipment	What is the EXACT cost of the equipment? \$44,722.20		
Variances in the amounts requested will be the responsibility of the grant recipient to pay directly? Yes			
What Equipment are you requesting for your department? We are requesting the purchase of 20 AED's (LIFEPAK CR2 Defibrillators) for patrol vehicles. We have attached a quote from Stryker that provides this type of equipment.	Briefly explain how the equipment will benefit your community and your department. The Laramie County Sheriff's Office is located in the rural Southeast corner of the State of Wyoming. Positioned between I-80 and I-25 intersecting in Cheyenne, our Capital City. The Sheriff's Office responds		
Vendor Company Name Stryker	Sales Representative Name Max Addamte	Sales Representative Email max.addante@stryker.com	
What is the amount of funding you are requesting? Field not required for this category of request	Please provide a detailed description of how the funding will assist your organization: Field not required for this category of request		
How many scholarships would the requested funding provide? Field not required for this category of request	Please describe the selection and distribution process for the requested scholarship funding. Field not required for this category of request		

COMMUNITY IMPACT

Have you unsuccessfully reached out to the city for funds to purchase the equipment? The Laramie County Sheriff's Office is under the umbrella of County budget and operations. Our budget has to be approved and adopted by the County Commissioners. The Commissioners are responsible for an entire	Was there a particular instance where a life would have been positively impacted if you would have had the equipment available? Each year sudden cardiac arrest (SCA) kills 335,000 people of all ages and fitness levels without warning. Ninety five percent of those who suffer from SCA die because CPR and defibrillation usually occur too late, if at all. If a law enforcement officer on the scene knew CPR and applied an Automated External Defibrillator within 5 minutes, the American Heart Association (AHA) estimates that at least 40,000 more lives per year could be saved.
What positive effects will the equipment specifically have? Please use statistics when possible. This equipment will provide our deputies with the lifesaving tool of defibrillation. Law enforcement often times have the quickest response	

FIREHOUSE SUBS RELATIONSHIP

Address of Firehouse Subs location nearest you. 3901 E. Pershing Blvd., Unit C, Cheyenne, WY, 82001	How far is this location from your department? <u>3.3</u> Miles
How did you hear about our organization? Laramie County has been aware of the Firehouse Subs Foundation through news articles that have discussed helping first responders with equipment needs.	Has your department received funding from Firehouse Subs Public Safety Foundation in the past? No
By applying, you grant Firehouse Subs Public Safety Foundation (the "Foundation") permission to use your organization's name and identifying trademarks in connection with this application and in connection with the Foundation's solicitations for support.	
Initial Acceptance SB	PIO Email: Brandon.Warner@laramiecountywy.gov
PIO (Public Information Officer) Name: Brandon Warner	PIO Phone Number: 307-633-4751

Please note, there are different categories of funding within the grant application, therefore the printed PDF document may contain some open blank fields. Please do not contact the Foundation if fields appear blank.

Background/History

Laramie County, Wyoming is serving as the applicant on behalf of our local Sheriff's Office. Laramie County encompasses 2,688 square miles of rural county and is the most populous of the 23 counties in Wyoming. Laramie County is in the Southeast corner of the State, with Cheyenne, our state capital, within its borders. The total population of Laramie County per the 2022 census estimate is 100,723 with much of that population residing within the City of Cheyenne. Recorded in the U.S. Census Bureau as of July 1, 2023, the population was 65,168. In less than two years the population has grown by 35,555 people. We expect this growth to continue with the addition of large businesses such as, "Thunder Plains Park". This will be Wyoming's first full sized thoroughbred horse racing track/Equestrian Center and are on target to open their doors in August of 2025. Another large development is Meta's newest 715,000-square-foot campus data center supporting almost 100 operational jobs and over 1,000 skilled trade jobs during construction. Meta is currently under construction on the south end of our county.

Another factor aiding in our growth are the two major transportation hubs of I-80 that run East and West, and I-25 that runs North and South. The I-25/I-80 interchange, and adjacent highway facilities are the largest and most heavily used in the state of Wyoming. This segment of the Federal Interstate System serves local, regional, state, and national travel needs and is the primary interchange in Wyoming for interstate commerce from border to border and coast to coast.

The Laramie County Sheriff's Office is one of the largest agencies of its type in Wyoming. Currently comprised of 161 sworn deputies divided into two divisions: Operations and Detention. This Grant will focus on the Operations Division. Please note this grant will focus on the Operations side of the division, with the request for AEDs being specific to placement in county patrol cars. These AED's will aid deputies in protecting the well-being, safety and security of all people in the county. Due to the vastness of Laramie County, more often than not, our officers are the first to arrive on scene. Having AEDs available in their cars is the first step to decreasing the call-to-shock time, which has been proven to greatly increase a victim's chance of survival. Currently we do not have enough AED's for every car that goes out on patrol.

Was there a particular instance where a life would have been positively impacted if you would have had the equipment available?

Each year sudden cardiac arrest (SCA) kills 335,000 people of all ages and fitness levels without warning. Ninety five percent of those who suffer from SCA die because CPR and defibrillation usually occur too late, if at all. If a law enforcement officer on the scene knew CPR and applied an Automated External Defibrillator within 5 minutes, the American Heart Association (AHA) estimates that at least 40,000 more lives per year could be saved. Since 1999, when the Public Act 1733 Good Samaritan Law was passed, the most statistically supported beneficial effect has been the placement of AEDs in police vehicles. Studies consistently show that law enforcement officers can respond to an emergency call in less time than a medical first responder such as an ambulance or other advanced life support service.

To illustrate the unique challenges of our rural county, the small community of Meriden will be used. In 2022, Meriden had a population of 83 with no medical offices located within their town. The average age for Meriden is 54.4. Meriden is not located by the Interstate for fast travel, but is accessible by a two-lane road 45 miles North of Cheyenne. A law enforcement vehicle traveling an average 100 mph to Meriden would take 27 minutes. If an ambulance traveled the same distance from Cheyenne at their top speed of 75 mph, it would take them 38.6 minutes. That is a difference of 11.6 minutes. With each passing minute being crucial to the victim, this example shows the positive impact of having AEDs in law enforcement vehicles because they usually reach the victim much quicker.

On November 12, 2024, the Laramie County Sheriff's Office was dispatched to an urgent welfare check in unincorporated Laramie County. Once on scene, they were able to locate a subject who did not appear to be breathing. The subject was warm to the touch, but did not have a pulse indicating he recently stopped breathing. The deputies on scene immediately started chest compressions and accessed their medical bag and AED from the patrol vehicle. The AED was used to assist in life saving measures until medical personnel arrived. Not all Laramie County Sheriff's Office Patrol vehicles have AED's to be able to offer life saving measures. Our request is to add an additional twenty AED's to the Office to ensure each patrol vehicle has one available for lifesaving measures on scene.

APPLICATION CHECKLIST

Before submitting, please check that your application has been submitted completely by reviewing the checklist below. Your application will not be considered if any of information requested throughout the application is missing.

Applicant & Alternate Contact Information

- Main applicant contact information must differ from alternate contact information
 - First and last name, email address and phone number must differ

Background/History Attachment

- Has the following documentation been submitted?
- Background/History- Brief history of your department or organization, and how this grant will benefit your community

Vendor Equipment Quote/Bid

- Does the submitted vendor equipment quote/bid include the following information?
 - Vendor sales representative first and last name
 - Vendor email address
 - The name & *physical* address of your organization
 - The first & last name of a contact person from your organization
 - Only one vendor quote has been submitted
 - The quote must be itemized
 - The quote is dated within six months of the application deadline
 - The quote *only* includes item(s) pertaining to your grant request
 - The total dollar amount and equipment quantities in the vendor quote **MATCH** the total that your department is requesting
 - Include sales tax if applicable and freight charges, if applicable. Firehouse Subs Public Safety Foundation will not be responsible for additional shipping costs or sales tax not included in the submitted quote.
 - Sales tax and freight charges are included, if applicable

Please note: The cost of maintenance plans and extended warranties are not permissible and should not be included in submitted quotes.

Most Recent Financial Information

- Does the submitted financial information include the following information?
 - The organization, city or county name
 - Both revenue and expenses
 - One of the following:
 - A recent - within one month - Balance Sheet which consists of Assets and Liabilities
 - A recent - within one month - Profit & Loss Statement also called an Income Statement
 - A current year annual budget showing projected income and expenses
 - A previous year audit or 990

Equipment Inventory

- Does the submitted equipment inventory include the following information?
 - A list of your organization's apparatus, vehicles and other specialized equipment

NOTE: Equipment inventory is only required for first responder organizations. If your organization does not have apparatus, vehicles or specialized equipment, please upload a document noting that the organization does not have any applicable inventory.

SAMPLE- Visit FirehouseSubsFoundation.org to apply online.

Internal Revenue Service Form W-9 (Rev. October 2018)

- Does the submitted W-9 include the following requirements?
 - Name as shown on your income tax return
 - Entity Name, *if different from line 1*
 - Federal Tax Classification (including Other explanation if required)
 - Exempt payee code (if any)
 - Address
 - City, State & Zip Code
 - Employer ID Number
 - Signed by an official of the organization
 - Dated no more than one year from the submission date of this application
