Project Details

1. Type of Jurisdiction

- County Emergency Management
- Law Enforcement
- Coroner
- RERT
- Bomb Team
- School District
- State Agency
- Special District
- City/Town
- Other: County

2. Please provide your Unique Entity ID (SAM UEI number)

This takes the place of your DUNS number effective April 4, 2022.

E9DLJC1HGNQ8

3. Please describe "What" your need is and "Why" you need it.

If submitting more than one project application for FY 2023 SHSP, please rank this project application in order of priority. (Example 1 of 2, 2 of 2, etc.)

The Laramie County Risk Department would like to request funding in the amount \$5,400.00. This funding will allow us to purchase two "All Combtant" skills training kits. We have two law enforcement officers qualified to instruct first responders skills needed to treat potentially preventable deaths. Our deputies not only work with local first responders, they travel throughout the State of Wyoming offering training to multiple agencies. Right now, our need is to provide the trainers with training kits. The County does not own the mass casualty training equipment required to adequately train large groups of people. Currently, we rely on borrowing materials from the State of Wyoming, however, it is difficult to reserve and not guaranteed to be available.

Laramie County is being proactive in training its employees to successfully respond to manmade or emergency events. A previous SHSP grant helped us to provide Stop the Bleed Kits around the courthouse and provided initial training to employees. This request builds upon that success and provides additional training resources to move the program forward.

4. List your AEL Codes here. REQUIRED for all equipment requests. The AEL is available at <http://www.fema.gov/authorized-equipment-list>.

Some equipment items require prior approval before the obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required.

We would be using the AEL Code 09ME-01-BAGM for Bag/Kit/Pack, Medical for this purchase.

5. Does this project require new construction, renovation, retrofitting or modifications of an existing structure?

Are you drilling holes in walls, turning dirt or modifying an existing structure in any way?

- YES - An EHP may be required
 NO

6. Does the requested funding cover all components of the project?

- YES
 NO

7. Will you accept partial funding?

- YES
 NO, explain:

8. Have you applied for other grant opportunities to fund this request?

If yes, please name what other grants have been applied for, the amount of funding received and what portion of the project the funding was for.

No other applications have been applied for to fund this request.

9. Does this project support a previous SHSP award?

- YES
 NO

10. ** If you answered YES to number 9, please answer: (a) what previous year; (b) the project name; and (c) the last completed milestone. ** If you answered NO, please put N/A.

Laramie County received a SHSP grant back in 2018 (18-SHSP-LAR-CC-HRP18) in the amount of \$33,064.00 to purchase Stop the Bleed kits and first aid kits for county vehicles (215 of each) and wall mounted bleeding control stations (12). This project has been completed and closed out.

11. Is this project part of a multi-year strategy? If YES, please explain. Otherwise, put NO.

No

12. Did you or your jurisdiction participate in the THIRA?

- YES
 NO

13. Does this project address gaps identified in the THIRA/SPR?

- YES
 NO

14. If YES to #13, explain how this project ties into your THIRA/SPR and how it addresses the gap. If NO, explain what other assessments, exercises or real world events identified the gap being addressed.

(For example: cyber/physical security assessment)

This project falls under the THIRA/SPR under Environmental Response/Health and Safety, as it helps Laramie County "conduct appropriate measures to ensure the protection of the health and safety of the public and workers in support of responder operations and the affected community." Our THIRA captured the need to continue with exercises and trainings to ensure open lines of communication and preparation. Our THIRA also discussed the need for risk management planning and training.

15. All projects under this grant must have a nexus to terrorism. Please describe how your project relates to acts of terrorism.

With the increase in terrorism threats and targeted violence, it is essential that the local and state communities maintain the ability to respond appropriately. The skills being taught are essential in treating wounded survivors from events such as active shooter, mass casualty, natural disasters, etc. If awarded funding, the training kits would be an initial investment containing all necessary equipment to instruct classes up to 25 students at a time.

16. Provide justification on how the project will be maintained, supported, and sustained.

Laramie County will assume all responsibility for the care, maintenance and replacement of training kit contents. We estimate that a small portion of the contents will need to be replaced from general wear and tear after repeated use, however, these maintenance costs will be absorbed by the County.

Milestones

Submit a minimum of four (4) milestones for all projects. Milestones should represent a logical progression of the project to allow for realistic monitoring and management of grant funding. This attribute will function as a tool for measuring project progress in future reporting periods. Provide a high level narrative description of activities to occur within each milestone including anticipated milestone dates/timeframes.

23. First Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

A grant award is expected to occur in October 2023. We will establish a budget and accounting line items to prepare for the funding. Upon award, the County will follow policies for procurement.

24. Second Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

It is estimated that contracting and purchasing will take place in November 2023 through January 2024.

25. Third Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

We anticipate receiving the equipment between February and April 2024 and will work to implement and incorporate the equipment into training operations.

26. Fourth Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

Our final milestone will be to close out and finalize all items for the grant from the Wyoming Office of Homeland Security. We anticipate being complete with all activities by June 2024.

Additional Information**27. Provide any additional information about the project you would like us to consider.**

You may upload a document if you need more space.

The Zoom Grants page shows that Laramie County's Sam.gov registration expired on 12/27/22, this is incorrect. A copy of our active registration has been attached to this application.

Budget Narrative

We are requesting a total of \$5,400 to purchase two "All Combtant" training kits. These kits provide the necessary equipment needed to train individuals in the leading causes of potentially preventable death in a tactical environment. These kits would allow training on extremity hemorrhage, wound packing, chest seal application, need chest decompression, basic airway adjuncts, splinting, hypothermia prevention & management along with eye injuries. We would be using the AEL Code 09ME-01-BAGM for this purchase.
