1-6: Each team shall consist of the members listed in Wyo. Stat. Ann. § 7-13-1609(a).

1-7: Contractor shall adopt written policies and procedures for staff responsible for probation or surveillance duties. Nothing in this section, or in the Contractor’s policies and procedures created

Attachment C
Court Supervised Treatment Guidelines

in response to this section, shall be construed to limit the statutorily allowed powers of certified officers who are fulfilling probation or surveillance duties on behalf of the CST Program.

1-8: The judicial branch and participating agencies should support the Contractor by making appropriate adjustments to internal policies, practices, and procedures to ensure successful day-to-day operation of the CST Program.

Programs are encouraged to add content to a manualized treatment curriculum to effect greater participant interest and engagement.
- c. Contractor shall avoid the interaction of participants with low and high-risk needs.
- d. Screening and assessment results shall be used for both CST Program eligibility and to determine level and type of care and supervision. Screening and diagnosis of clinical needs should take place prior to Program entry.

The meetings should happen two (2) times per month, at a minimum.

2-3: The prosecutor and defense counsel shall consistently attend team meetings (pre-court staff meetings and status hearings).

2-4: The prosecutor shall assist in determining whether a defendant is eligible for entry to the CST Program; agree that a positive drug test or open court admission of drug use should not result in the filing of additional drug charges; and work collaboratively with the team to decide on a team response to participant behavior including incentives, sanctions, or when termination from the CST Program is warranted.

2-5: The CST Program participant's defense counsel shall review the police reports, arrest warrant, charging document, all CST Program documents, and other relevant information; advise the defendant as to the nature and purpose of the CST Program, the rules governing participation, the merits of the CST Program, the consequences of failing to abide by the CST Program rules, and how participation or non-participation will affect his interests; provide a list of and explain all of the rights the defendant will temporarily or permanently relinquish; and advise the defendant on alternative options. The defendant's defense counsel shall explain that the prosecution has agreed that a positive drug test or admission to drug use in open court should not lead to additional charges; encourage truthfulness with the judge and treatment staff; and inform the defendant they will be expected to take an active role in status hearings, including speaking directly to the judge as opposed to doing so through an attorney. The CST Program defense counsel shall work collaboratively with the team to decide on team response to participant behavior including incentives, sanctions, and when or whether termination from the CST Program is warranted.

Attachment C

4-13: Successful discharge or termination from the CST Program shall occur with the final approval of the CST Program Judge, in collaboration with the Contractor's team, in accordance with Wyo. Stat. Ann. § 7-13-1608(c).

4-14: To ensure adequate client safety and care, the Contractor's treatment providers shall have a quality assurance program designed to evaluate the quality of care provided and promote efficient and effective services.

4-15: Contractor shall follow best practices regarding medication assisted treatment (MAT), including utilizing appropriately licensed medical professionals.

4-16 Participants shall attend self-help or peer support groups as indicated, based on treatment provider assessment and court approval.

4-17: Contractor's treatment providers shall comply with the Rules and Regulations of the Agency's Mental Health and Substance Abuse Services Section and any other applicable state and federal laws and shall provide services in accordance with the established scope of services and standards of the CST Program.

- d. Appropriate treatment level of care.
- e. Therapeutic adjustments.
- f. Whether a participant should be terminated or graduated from the CST program.

5-2: Evidence of a drug test result should not be used as evidence of a new crime or as the sole basis for probation violations.

Attachment C
Court Supervised Treatment Guidelines

5-3: Contractor shall adopt written policies and procedures documenting drug testing protocols and following the standards as described in these guidelines and the included Appendix A.

5-4: Contractor shall implement a standardized system in which participants will participate in drug testing. Testing shall be administered randomly and unpredictably in accordance with Wyo. Stat. Ann. § 7-13-1612. Testing shall occur on weekdays, weekends, and holidays. As treatment dosage and supervision is reduced, drug testing shall be maintained until the participant has shown significant progress in meeting target behaviors including relapse prevention skills.

5-5: Contractor shall utilize urinalysis as the primary method of drug testing; a variety of alternative methods may be used to supplement urinalysis including breath, blood, hair, and saliva testing, patch, and electronic monitoring. Contractor shall use scientifically valid and reliable testing procedures.

5-6: All urine test samples shall be examined for dilution and adulteration. In the event the participant provides a diluted, altered, or positive sample, or fails to submit a sample, this information shall be communicated with the Contractor's team immediately and shall be responded to as a participant falsehood or tampering with evidence.

Key Component #6: A coordinated strategy governs Contractor's response to participants' compliance

6-1: Contractor shall have a formal system of responses to participant behavior—including therapeutic adjustments, incentives, and sanctions—established in writing and included in the Contractor's policy and procedure manual in accordance with the Rules and Regulations of the Agency's Mental Health and Substance Abuse Services Section. The Contractor shall provide these guidelines to team members for use in pre-court staff meetings.

6-2: A therapeutic adjustment means an adjustment to a treatment plan where participants are compliant with treatment and supervision requirements, but are otherwise not responding to treatment interventions. In this case, the participant shall be reassessed and the treatment plan adjusted accordingly. Only the treatment provider may recommend specific therapeutic adjustments to the judge. The CST Program Judge shall make the final decision regarding the incentive, sanction, or therapeutic adjustment.

6-3: Phase promotion shall be predicated on the achievement of realistic and defined behavioral objectives, such as completing a treatment regime and remaining drug and alcohol-abstinent for a specific period of time. Incentives and sanctions may change over time as participants advance through the phases of the Program. It is best practice to use a number of incentives equal to or greater than the number of sanctions.

6-4: Before entering the CST Program, participants shall be informed in writing and verbally about the types of incentives and sanctions used in the CST Program and the types of behaviors that result in a range of incentives, sanctions, and therapeutic adjustments. Participants shall not be provided with a "grid" that specifies a particular response for each type of behavior.

6-5: The formal system of responses to participant behavior shall be organized on a gradually escalating scale, offering a range of options, applied in a consistent and appropriate manner to match individual participant conduct, level of compliance, and risk and need level. The

Attachment C
Court Supervised Treatment Guidelines

Contractor's team should consider proximal and distal goals in determining the appropriate response to participant behavior.

6-6: Incentives, sanctions, and therapeutic adjustments shall be tailored to the individual participant by obtaining information about the participant during the assessment process, through conversations in pre-court staff meetings, and with the participant in court and case management meetings.

6-7: Information regarding incidents of participant noncompliance shall be communicated as soon as possible, including between court staffings, to all members of the Contractor's team to coordinate an appropriate response to the noncompliance incident.

6-8: Responses to participant noncompliance shall come as close in time as possible to the targeted behavior.

6-9: Responses to behavior shall be certain, fair, and of the appropriate intensity. All responses shall focus on specific behaviors and be administered with a clear direction for the desired behavior change.

6-10: Consequences shall be imposed for the nonmedical use of intoxicating or addictive substances including alcohol, cannabis, prescription medications, and any other mood altering substance, regardless of the licit or illicit status of the substance. The Contractor's team relies on medical input, preferably from the participant's healthcare provider, to determine whether a prescription for an addictive or intoxicating substance is a medical necessity and whether non-addictive, non-intoxicating, and medically safe alternative treatments are available.

6-11: Therapeutic adjustments may be used when a participant is not responding to treatment interventions but is otherwise in compliance with CST Program requirements. Participants may be terminated from the CST Program in accordance with Wyo. Stat. Ann. § 7-13-1608(b) and(c). If a participant is terminated from the CST Program because adequate treatment is not available, that information shall be provided to the sentencing judge upon remand.

6-12: Sanctions shall be implemented in a way for the participant to understand the consequence of noncompliance with the Contractor's rules without being viewed simply as punitive. Participants shall be told what behavior is expected of them and offered help to meet those expectations. Sanctions are delivered without expression of anger, ridicule, foul or abusive language, or shame.

6-13: The Contractor's team shall come to a mutual agreement on incentives, sanctions, and therapeutic adjustments to prevent conflict between team members. Staff meetings can help coordinate on the appropriateness of a sanction based on proximal and distal considerations.

6-14: Contractor may assess fees on a flat fee or sliding scale basis. Participants are encouraged to have paid all required program fees prior to graduation. Contractor must work with each participant to establish a payment plan and monitor payment progress to ensure lack of payment does not become a barrier to phase advancement or graduation.

6-15: Contractor shall assess, collect, and expend Program fees consistent with Wyo. Stat. Ann. §7-13-1605 (c) (ii) and the Rules and Regulations of the Agency's Mental Health and Substance Abuse Services Section. Fees may be expended to offset the costs of the CST Program.

Attachment C
Court Supervised Treatment Guidelines

6-16: Contractor must have a process to address inability to pay for participants to ensure equal access based upon socioeconomic status.

6-17: Contractor must use jail sanctions sparingly and with the intention of modifying participant behavior in a positive manner. Contractor shall follow state statutes governing the use of jail sanctions when using jail as a sanction in accordance with Wyo. Stat. Ann. §7-13-1608(b) and (c).

6-18: To graduate, participants must have steady employment, be enrolled in school, college, trade school, or engaged in some qualifying productive activity approved by the Contractor's team.

6-19: To graduate, participants must have a sober and sustainable housing environment that is conducive to recovery.

Key Component #7: Ongoing judicial interaction with each CST Program participant is essential

7-1: The focus and direction of the CST Program are provided through effective leadership of CST Program Judge, in partnership with the Contractor's team. The Judge is in a unique position to exert effective leadership in the promotion of coordinated drug control efforts. To encourage full commitment to the success of the CST Program, the Judge shall allow the Contractor's team to participate fully in the design and implementation of the CST Program. The Judge shall maintain a non-adversarial atmosphere in the CST Program. All staff must see their job as the facilitation of the participant's rehabilitation. The Judge is one of the key motivational factors for the participant to seek habilitation or rehabilitation. Less formal and more frequent court appearances must be scheduled to allow the Judge to motivate and monitor the participants.

7-2: The referring judge can also serve as the CST Program Judge; it is not a conflict of interest in accordance with Wyo. Stat. Ann. § 7-13-1604(b). The CST Program Judge can be either the sitting judge from a traditional court or a magistrate.

7-3: The CST Program Judge and the Contractor's team should serve as supporters of the CST Program. They represent the CST Program in the community, before the federal, state, and local governments, criminal justice agencies, tribal entities, and other public forums.

7-4: The CST Program Judge should serve a term of at least two (2) years. Consistency of the Judge for participants correlates with better outcomes. Rotating or alternating judges should be avoided. The Contractor's team should include one primary judge and a second judge trained in the CST Program philosophy and protocols to cover any status hearings during the absence of the primary judge. It is recommended the second judge rotate through the CST Program for a term of at least two (2) years to ensure better outcomes.

7-5: The CST Program Judge shall be knowledgeable on the CST Program model, substance use disorders, treatment methods, recovery best practices, substance screening, trauma, and other related issues.

7-6: The CST Program Judge offers supportive comments to participants, stresses the importance of their commitment to treatment, other CST Program requirements, and expresses optimism about the participants' abilities to improve their health and behavior. The Judge shall not humiliate participants or subject them to foul or abusive language. The Judge allows participants a reasonable opportunity to explain their perspectives concerning factual controversies and the imposition of sanctions, incentives, and therapeutic adjustments.

Attachment C
Court Supervised Treatment Guidelines

7-7: The CST Program Judge shall conduct court in a way that all participants benefit by observation of others as they progress or fail to progress in the CST Program.

7-8: The CST Program Judge makes final decisions concerning the imposition of incentives or sanctions that affect a participant's legal status or liberty after taking into consideration the input of the Contractor's team members and discussing the matter in court with the participant or the participant's legal representative in accordance with Wyo. Stat. Ann. §7-13-1609. The Judge relies on the input of trained treatment professionals when imposing treatment-related conditions.

7-9: A regular schedule of status hearings shall be used to monitor participant progress. Participants shall attend weekly, or every other week, status hearings while in the first phase of the CST Program, depending on the participant's risk and need. This schedule may continue through additional phases. Frequency of status hearings may vary based on participant needs and program policies.

7-10: At status hearings, the CST Program Judge shall speak with each participant individually.

7-11: The CST Program Judge shall strive to spend at least three (3) minutes with each participant during status hearings.

Key Component #8: Monitoring and evaluation measure the achievement of program goals and gauge effectiveness.

8-1: Data needed for CST Program monitoring and management shall be kept in a state-wide electronic data system, easily obtainable and maintained in useful formats for regular review by the Contractor's teams and management. Information and data collected in the automated database shall contain a required set of data elements. These data elements are listed in Wyo. Stat. Ann. §7-13-1613 and Rules and Regulations of the Agency's Mental Health and Substance Abuse Services Section.

8-2: Contractor shall use an electronic database specified by the Agency for collection of participant demographic and program activity data. The Contractor is responsible for collecting all information necessary to calculate the approved performance measures and to report as much information available about participants, as identified in the electronic database.

8-3: Contractor's staff members should record information concerning the provision of services and in-program outcomes within seventy-two (72) hours of the respective events.

Key Component #9: Continuing interdisciplinary education promotes effective CST Program planning, implementation, and operations.

9-1: Contractor shall provide orientation and training for their staff and team members including those employed by participating agencies and the Contractor shall act as soon as practicable to provide appropriate training for new staff and team members. Budgets should include funding for training of Contractor team members.

9-2: Contractor shall address staff training requirements and continuing education in their policy and procedures manual. Recommended training shall align with state and national standards and practices endorsed by the National Association of Drug Court Professionals (NADCP) and its divisions (National Drug Court Institute, National Center for DWI Courts, and Justice for Vets).

Attachment C
Court Supervised Treatment Guidelines

Treatment practices must be evidence-based practices endorsed by, the Substance Abuse and Mental Health Services Administration, or culturally based practices deemed effective and appropriate.

- a. Training not provided by the NADCP, or its divisions, or the Agency must be submitted to the Agency for approval as accepted CST Program-specific curriculum at least fourteen (14) days prior to the training event.
- b. All probation and surveillance officers shall complete an approved training program before conducting field work in a home or bar check situation. A probation or surveillance officer who has not yet been trained may accompany a trained officer for such activities, but must complete the training within six (6) months of initial hire.

9-3: Contractor's staff shall be educated across disciplines for professional development, cultural responsiveness, and team building. Training and education should include topics such as the CST Program model, best practices, substance use disorder, drug, alcohol, and mental health treatment, co-occurring disorders, sanctions and incentives, drug testing standards and protocols, confidentiality and ethics, recognizing implicit cultural biases and correcting disparate impacts for members of historically disadvantaged groups, and proficiency in dealing with participants' race, culture, ethnicity, gender and sexual orientation, and trauma.

9-4: Contractor's team should attend training conferences yearly or every other year as provided by state or national CST Program organizations.

9-5: The Contractor's new team members shall receive twenty (20) hours of CST Program-specific or Agency approved formal orientation and training administered and provided by previously trained team members within six (6) months of joining the team. Formal training can include online webinars, CST Program trainings, and conferences.

- a. If the Contractor's treatment providers, other than the treatment provider representative on the team, provide direct services to CST Program participants, they must have ten (10) hours of training, as described above, within six (6) months of initial provision of services.
- b. All Contractor team members and individual treatment providers who provide services for CST Program participants must complete six (6) hours of CST Program-specific training each subsequent year. Training hours in excess of the annual six (6) hours may be carried over for up to one (1) year, subject to Agency approval.
- c. Training that qualifies to meet the requirements above may include CST Program specific courses and seminars provided by the U. S. Department of Justice, the NADCP and its divisions, the National Drug Court Resource Center, Treatment Court Online, any state drug court association recognized by the Agency, or the Agency. In order to receive credit for training sponsored by any other person or entity, the applicant must first receive the written approval of the Agency. To request approval of the course or seminar, the applicant must first submit a written request together with a detailed summary of the training and course outline at least fourteen (14) days prior to the training.

9-6: The CST Program Judge receives specialized training in legal and constitutional issues, judicial ethics, behavior modification, and community supervision.

Key Component #10: Forging partnerships among CST Programs, public agencies, and community-based organizations generates local support and enhances CST Program effectiveness.

10-1: Contractor shall utilize other community-based services and treatment providers that may be able to augment CST Program services including, but not limited to, private and public social service agencies, law enforcement, health providers, business community, faith community, media, consumer-run recovery organizations, and other entities which may help the CST Program meet its mission.

Appendix A: Drug Testing Protocols

A-1: Contractor shall adopt written policies and procedures that document its drug testing protocols. The Contractor's drug testing policies and procedures shall address, at a minimum, these topics:

- a. The types of drug testing to be performed.
- b. Drug testing frequency, including description of random drug-test component.
- c. What, if any, steps will be taken in handling disputed results.
- d. If the Contractor's drug testing procedures necessitate preservation of the drug testing samples, the Contractor's policies shall document the steps necessary to maintain proper chain of custody of test specimens and results.
- e. Descriptions of what will be considered a "positive" test result.

A-2: Each CST program shall document its urinalysis (UA) collection protocols following these guidelines:

- a. All urine collection shall be observed except as described in Subsection C.
- b. Collectors must have an unobstructed view of the specimen flow and must be of the same gender as the participant providing the specimen (no exceptions); trans-gender or trans-sexual participants should be given the opportunity to choose the gender of the official collecting the samples.
- c. Take unobserved specimens only when the participant and the collector are not of the same gender or it is virtually impossible to collect an observed specimen (i.e., where circumstances beyond the control of the collector preclude the collection of an observed specimen).
 1. In the rare case of unobserved urine specimens, procedures must be documented that would minimize ability of the participant to adulterate the specimen, and call the participant to be tested again under observation within twenty-four (24) hours.

- E. To timely notify the Business Associate of any material violation of this attachment or material Privacy or Security violation by the Business Associate of which the Agency becomes aware. The Agency shall specify a time for the Business Associate, within which the Business Associate must cure the violation, if cure is possible, or within which the Business Associate must end the violation.

5. Special Business Associate Provisions

- A. **Amendments.** If the Contract must be amended to ensure compliance with the Privacy and Security Rules, the Parties shall meet in good faith to agree upon such amendments. If the Parties cannot agree upon such amendments, then either party may terminate the Contract upon thirty (30) days' prior written notice to the other party.
- B. **Interpretation.** Any ambiguity in this attachment shall be resolved in favor of a meaning that permits the Parties to comply with the Privacy and Security Rules. Nothing in the Contract shall be construed to allow or require either Party to violate such rules.
- C. **Notices.** In addition to the notice provisions set forth in the Contract, notices arising out of or from the provisions of this attachment shall be in writing and shall be deemed provided to each respective party if by personal delivery or by, at least, first class United States mail, postage prepaid. Written notices to the Agency shall be provided to the attention of the Agency's designated representative for this Contract and, by separate mailing, to the WDH Compliance Office, 401 Hathaway Building, Cheyenne, Wyoming 82002.
- D. **Termination.** In addition to the termination provisions in the General Provisions section of this Contract, the Contract may be terminated for cause if the Business Associate materially violates the terms of this attachment.
 - i. **Material Violation of Attachment.** Any violation by the Business Associate of any provision of this attachment or any other contract with the Agency

which involves the use or disclosure of protected health information, as determined by the Agency, shall constitute a material violation and shall entitle the Agency to terminate this Contract immediately, seek related remedies, and to terminate all other contracts which involve the Business Associate in the use or disclosure of protected health information, by notifying the Business Associate of such termination.

- ii. Cure. If the Agency receives evidence of a material violation of the obligations set forth herein, or of the Business Associate's primary contracts with the Agency, and the Agency does not terminate this Contract pursuant to subsection "i" above, then the Agency may provide an opportunity to cure or end such violation, as applicable, within a reasonable timeframe specified by the Agency. If the Business Associate's efforts to cure or end such violation are unsuccessful within the time specified, the Agency may terminate this Contract, where feasible, or if termination is not feasible, may report the Business Associate's violation to the Secretary of Health and Human Services or his designee.
- iii. Effect of Termination. Upon termination of this Contract for any reason, the Business Associate shall return or destroy all protected health information, regardless of form so that the Business Associate retains no copies of protected health information received or created on behalf of the Agency. If return or destruction of all protected health information is not feasible, the Business Associate shall notify the Agency of the conditions that make return or destruction infeasible. Upon agreement between the parties that the return or destruction of the protected health information is infeasible, the Business Associate shall extend the protections of this attachment to such information, and further limit the use and disclosure of such information only to those purposes that make its return or destruction infeasible, for so long as the Business Associate maintains the information.
- iv. This provision applies equally to the Business Associate and any of its agents or subcontractors in possession or control of protected health information subject to this attachment.
