2. Please provide your Unique Entity ID (SAM UEI number)

This takes the place of your DUNS number effective April 4, 2022.

E9DLJC1HGNQ8

3. Please describe "What" your need is and "Why" you need it.

If submitting more than one project application for FY 2023 SHSP, please rank this project application in order of priority. (Example 1 of 2, 2 of 2, etc.)

The Laramie County Sheriff's Office is requesting funding for a bomb (explosives) K-9, associated training and travel costs under the IED/terrorism response investment justification. The office currently has five K9s, three of them being trained in narcotics detection, apprehension & tracking, and two K9s in explosive detection. The requested K9 will have the ability to assist with meeting the identified capability gaps within the THIRA to include on-scene security and protection, situational assessment, attribution, along with explosive detection. The office already has a budget for maintaining the canine's health and wellbeing along with proper vehicle accommodations to include (Hot and Pop) components. The K9 will join the existing team at the office and will also be available for response efforts under existing Memorandum of Understandings with other departments and the State of Wyoming. We have two K9s that will be retiring in 2023. One of these is K9 Teca who is a single purpose explosive detection dog who is eight years old.

4. List your AEL Codes here. REQUIRED for all equipment requests. The AEL is available at <http://www.fema.gov/authorized-equipment-list>.

Some equipment items require prior approval before the obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required.

07ED-01-DOGS Canines, Explosive Detecting (copy of AEL attached to application).

5. Does this project require new construction, renovation, retrofitting or modifications of an existing structure?

Are you drilling holes in walls, turning dirt or modifying an existing structure in any way?

☐ YES - An EHP may be required

☒ NO

6. Does the requested funding cover all components of the project?

☒ YES

☐ NO

7. Will you accept partial funding?

☐ YES

☒ NO, explain:

8. Have you applied for other grant opportunities to fund this request?

If yes, please name what other grants have been applied for, the amount of funding received and what portion of the project the funding was for.

We applied and received funding from the Wyoming Office of Homeland Security in FY2021 to purchase a explosive detection Canine. We received \$17,000 for the purchase and training of a K9. That K9 is now part of our office. The Laramie County Sheriff's Office has applied to K9s 4 COPS to request funding to support narcotic K9s. There is no dollar amount associated with the request outside the value of the canine itself.

9. Does this project support a previous SHSP award?

☒ YES

☐ NO

10. ** If you answered YES to number 9, please answer: (a) what previous year; (b) the project name; and (c) the last completed milestone. ** If you answered NO, please put N/A.

Yes, as mentioned above the Laramie County Sheriff's Office received FY21 SHSP funds to purchase and train an explosive detection K9 (grant was named Sheriff Canine and was project ID 21-SHSP-LAR-PD-CDV). K9 Arek a two year old Belgian Malinois is now part of our department. This request would be to replace retiring K9 Teca who is eight years old.

11. Is this project part of a multi-year strategy? If YES, please explain. Otherwise, put NO.

No

12. Did you or your jurisdiction participate in the THIRA?

- ☒ YES
☐ NO

13. Does this project address gaps identified in the THIRA/SPR?

- ☒ YES
☐ NO

14. If YES to #13, explain how this project ties into your THIRA/SPR and how it addresses the gap. If NO, explain what other assessments, exercises or real world events identified the gap being addressed.

(For example: cyber/physical security assessment)

Our project will address items identified within the Laramie County 2022/2023 THIRA, to include protective security measures, interdiction & disruption of hazards, and screening search and detection to identify and locate threats. A K9 specifically trained in explosive detection will help the county and community with terrorist prevention efforts. It has been found in research "that no device is as accurate, fast, sensitive, mobile, flexible and durable as a well-trained dog/handler team" (Explosive Detection Dogs-princeton.edu). The importance of quick and efficient explosive detection is increasingly important with current civil unrest. The K9 will be an asset to the county and state for explosive detection and aid in the main goal of preserving life and property.

15. All projects under this grant must have a nexus to terrorism. Please describe how your project relates to acts of terrorism.

The requested K9 has the potential to reduce acts of physical violence within the community through the means of locating IEDs and other explosives. The trained K9 will assist the Laramie County Sheriff's Office with protecting, preventing and responding to an act of terrorism through the detection of explosives. The physical presence of a K9 also serves as a deterrent to potential acts of violence. The Laramie County Sheriff K9's work will be in conjunction with other agencies such as the Wyoming Highway Patrol, UW Police, Homeland Security, City of Cheyenne Police and other agencies upon request for sweeps of events, buildings and scenes. K9s serve as a critical resource to quickly locate threats, immediately reduce vulnerabilities and the prevent dangerous situations. A K9 can be utilized more effectively than ten officers, they can travel and clear areas quicker, and provide keen tracking abilities.

16. Provide justification on how the project will be maintained, supported, and sustained.

The Laramie County Sheriff's Office will take all responsibility for insuring the health and safety of a K9 if funded. The office budgets for and provides healthcare, equipment, transportation needs and additional training for K9s and their handlers. The K9 will be incorporated into office operations and all additional expenses associated with the animal will be covered and supported.

Milestones

Submit a minimum of four (4) milestones for all projects. Milestones should represent a logical progression of the project to allow for realistic monitoring and management of grant funding. This attribute will function as a tool for measuring project progress in future reporting periods. Provide a high level narrative description of activities to occur within each milestone including anticipated milestone dates/timeframes.

23. First Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

1. A grant award is anticipated to occur in October 2023. At this time, we will establish a budget and accounting line items to prepare for the grant. After funding has been awarded, the Sheriff's Office will follow procurement policies and procedures to work with the selected vendor. At this time, we will arrange the dates of the canine training and acquisition period. We are anticipating this will be completed by the end of January 2024.

24. Second Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

2. Beginning in January of 2024, we anticipate having the training scheduled and then completed by December 2024. We are estimating up to a year for this process to allow for fluctuating class schedules and dog availability.

25. Third Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

3. In January 2025, all training is expected to have been completed and the K9 team will work on integrating into the department for operations to be completed by March 31, 2025.

26. Fourth Milestone/Key Activity. Include your projected Start and End Dates.

Example: December 15, 2022 to December 15, 2023.

4. Our final milestone will be to close out and finalize all grant items for the grant from the Wyoming Office of Homeland Security. We anticipate this concluding around June 2025.

Additional Information

27. Provide any additional information about the project you would like us to consider.

You may upload a document if you need more space.

Our requested project will allow the office to bring an additional explosive canine team to the community. The K9 team will be able to assist all partnering agencies locally and throughout the United States, as our canines are all nationally certified. In recent years, the need for explosive sweeps has increased as a result of the threat of overseas and domestic terrorism using explosive materials. Since the inception of the K9 program in 1998, we have had no founded litigations, or lawsuits resulting from the utilization of narcotics detection, criminal apprehension, or explosive detection K9s.

The application states that Laramie County's Sam.gov registration expires on 12/27/22...this is incorrect. A copy of our certification is attached.

Budget Narrative

We are requesting a total of \$17,000 to include the following: purchase of canine, single purpose explosive detector dog class, housing for deputy (3 weeks), lead, choke chain, line lead, tracking collar, muzzle, power dog, slicker brush, 2 stainless steel bowls and travel expenses for pick up and training at location. The cost of the canine is the largest at \$10,500, but provides a guarantee on health, workability and compatibility. Historically, the Sheriff's Office has used Vohne Liche Kennels located in Indiana and has been extremely happy with their services. The deputy that will be partnered with the K9 will travel to Indiana and be paired with a suitable K9 and the team will undergo a three-week training session prior to returning to the office. Once incorporated into the Laramie County Sheriff's Office the K9 and their handler will receive a minimum of sixteen hours a month of required training per the National Police Canine Association. We have attached a price quote from Vohne Liche Kennels to show a detailed breakdown of the costs associated with our request. AEL is 07ED-01-DOGS
