

# Tallgrass in Wyoming

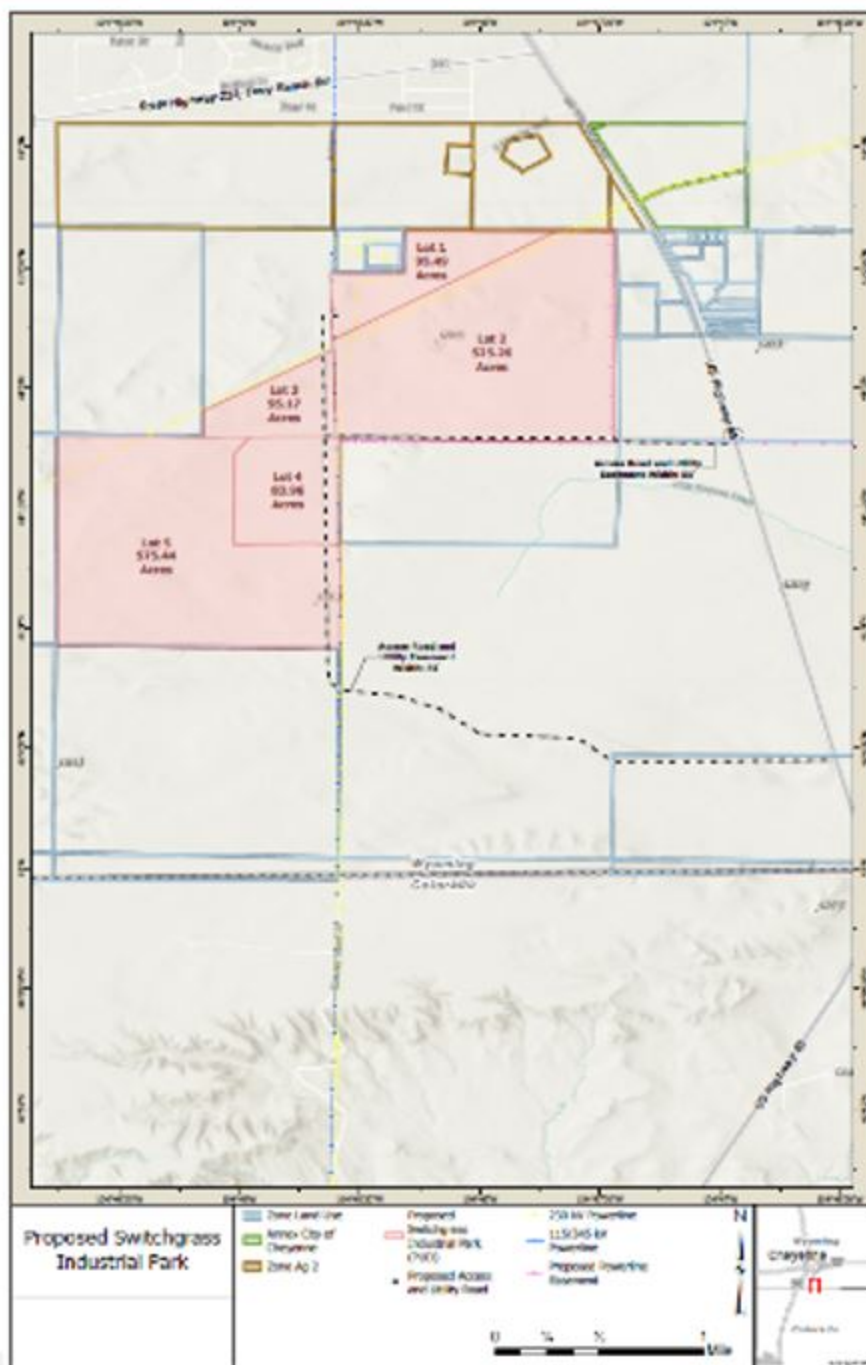

## Tallgrass in Wyoming

**3005**  
miles of infrastructure

**\$6.6MM**  
annual taxes

**202**  
employees

## Laramie County, Wyoming Proposed Project Site

- Located 8 miles South of Cheyenne
- Main site access would use U.S. Route 85
- Adjacent to Colorado border

## Zoning/Siting

- Power generation facilities and data center facilities to be situated in an industrial park

## Construction

- Estimated Q4 2025 – Q4 2028

# Laramie County Data Center

October 2025

# Crusoe is a vertically-integrated AI infrastructure company building data centers at speed and scale

Crusoe's Digital Infrastructure Team powers **large-scale computing workloads...**

**...by redefining how data centers are built,**  
using an energy-first approach

## Crusoe Cloud

### Managed AI Solutions

AI as a service

### AI Cloud Platform

Infrastructure and Platform as a service

## Digital Infrastructure

### AI Data Center Infrastructure

Development and operations using Crusoe's scalable builds

## Crusoe AI Data Centers

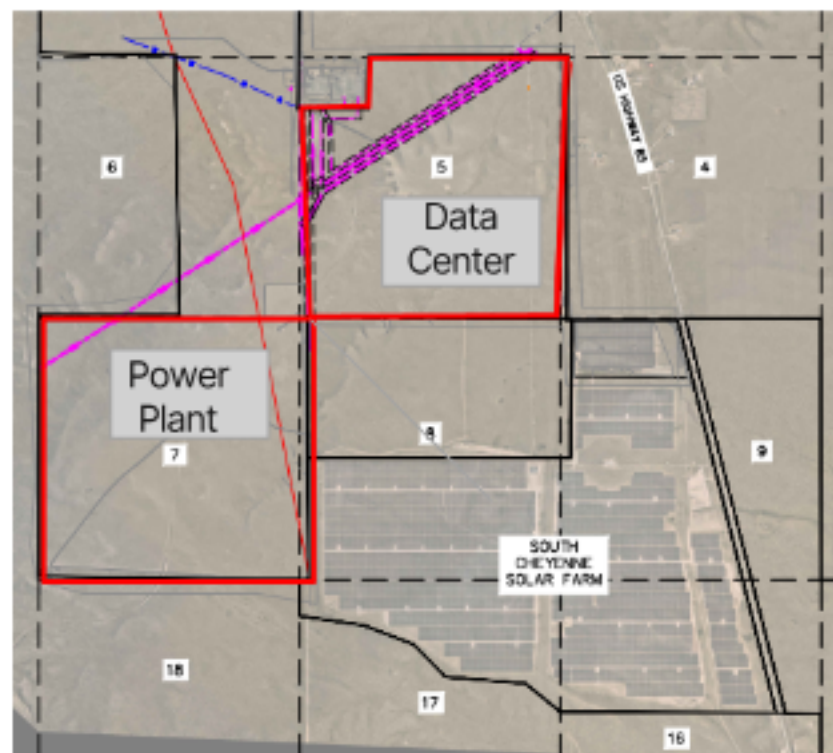

- **Geography-agnostic** with an energy-first approach
- **Hub-and-spoke modular, high-density design** to support AI workloads of the future
- **Dense LAN architecture**, tolerant of WAN latency
- **High-density clusters** designed to enable AI workloads
- **Accelerated time to market** (e.g., less than 12 months for the current Texas project)
- **Performance optimized for AI**

# Crusoe's Economic Impact in Wyoming

- Crusoe is committing a **multi-billion-dollar investment** to develop a state-of-the-art data center campus
- With technology infrastructure included, the total investment will be **one of the largest in the region's history**
- The project will create **thousands of construction opportunities** during development
- Hundreds of **permanent, high-skill careers** will be established in the community
- Crusoe is preparing a **comprehensive Economic Impact Report** to share full details

# Crusoe is developing a project in Laramie County

- This project is within the boundary limits and jurisdiction of Laramie County, Wyoming
- It is located within Parcel 5 which is currently vacant and undeveloped agricultural land
- This project is planned to have 5  $\pm$  805,380 SF data center buildings
- To the southwest of the project site, Tallgrass is developing a Power Plant to serve the site

# Thank you!
