I believe in community service and supporting worthwhile programs. Cheyenne Regional Medical Center is one of those programs I have and will continue to support. It is paramount that our community have adequate and essential health and wellness services available to all residents. I believe our hospital has provided a vital service to individuals and families in need. I would like to see that vision continue. I want to be involved in the ongoing evolution and improvements that have occurred at the hospital over time. In the past 6 years, serving on the Foundation, has brought me a new perspective and desire to do more with the hospital. I feel my past management experience, experience in the Cheyenne community and overall involvement in a wide variety of programs will bring a new perspective to the Board. I would ask consideration of my application. Thank you.
