

RESOLUTION NO.

A RESOLUTION AUTHORIZING THE SUBMISSION OF A GRANT APPLICATION TO THE WYOMING OFFICE OF HOMELAND SECURITY FOR THE FFY 2025 STATE HOMELAND SECURITY GRANT PROGRAM (SHSP), ON BEHALF OF THE GOVERNING BODY OF LARAMIE COUNTY, WYOMING TO REQUEST FUNDING IN THE AMOUNT OF \$31,900.00.

FOR THE PURPOSE OF: REQUESTED FUNDS WILL BE USED TO PURCHASE A 911 REALITY TRAINING PREPAREDNESS SIMULATOR FOR THE LARAMIE COUNTY COMBINED COMMUNICATIONS CENTER.

WITNESSETH

**WHEREAS**, the Wyoming Office of Homeland Security receives FFY 2025 SHSP funds from the Federal Emergency Management Agency and;

**WHEREAS**, the Wyoming Office of Homeland Security distributes a portion of these FFY 2025 SHSP funds to Wyoming Counties and;

**WHEREAS**, the Laramie County Board of Commissioners is eligible to apply for and receive FFY 2025 SHSP funds for the Laramie County Combined Communications Center and;

**WHEREAS**, the Governing Body of Laramie County desires to participate in the Wyoming Office of Homeland Security Grant Program (SHSP) by sponsoring this grant application to assist in financing the Laramie County Combined Communications Center; and

**WHEREAS**, the Governing Body of Laramie County has been provided with preliminary cost estimates and information on this project; and

**NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF LARAMIE COUNTY** that a grant application in the amount of \$31,900.00 be submitted to the Wyoming Office of Homeland Security for consideration of assistance in funding the Laramie County Combined Communications Center under the FFY 2025 SHSP grant program.

**BE IT FURTHER RESOLVED**, that Sandra Bay, or her successor in the position of Laramie County Grants Manager, is appointed as agent of the Laramie County Board of Commissioners to execute and submit applications and certifications for these funds and to receive funds and implement the programs funded under this grant.

**PASSED, APPROVED AND ADOPTED THIS 16<sup>th</sup> DAY OF SEPTEMBER 2025.**

**Application Questions** [top](#)

**1. Applicant Agency Type**

- ☐ City/Town  
☒ County  
☐ State  
☐ Tribe  
☐ RERT  
☐ Bomb Team  
☐ School District/Higher Education  
☐ Special District  
☐ Other

**2. Briefly describe your project.**

*This should be a concise statement of what you are seeking funding for. This description should not include a Statement of Need, problem statement, or historical description of your agency.*

We are seeking funding to purchase a 911 Reality PLUS 1:2 Simulator (Model P1002) to enhance training at the Laramie County Combined Communications Center. This live scenario-based simulator provides realistic, hands-on training for both new and experienced dispatchers to practice call taking, dispatching, and crisis response in a no risk environment.

The simulator will be fully integrated into our existing training program, which includes classroom instruction, on-the-job training, and Wyoming Law Enforcement Academy certification. It supports Homeland Security objectives by enhancing our ability to manage high risk incidents, including acts of terrorism, active shooter events, and mass casualty incidents. The simulator strengthens dispatcher readiness to assess threats, coordinate multi-agency response, and maintain communications continuity during critical incidents. As the first of its kind in Laramie County, this one-time investment builds local preparedness, supports regional training opportunities, and improves resilience by preparing dispatchers to serve effectively as first line responders in terrorism-related or large-scale emergencies.

**3. Describe how this project supports efforts to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism.**

*All SHSP supported projects must have a nexus to terrorism. Your answer here will be used to justify the project's eligibility on the state's application. Insufficient answers may prohibit an approved finding by FEMA Program Management.*

The simulator will create an immersive, scenario-based training environment for both new and experienced dispatchers, allowing them to practice real time call taking, dispatching, threat assessment, and interagency coordination in a no risk setting. The simulator strengthens our capacity to respond to terrorism and other targeted acts of violence by preparing dispatchers for both routine emergencies and complex, high-risk threats that are difficult to replicate in real world training. These include coordinated attacks, bomb threats, active shooter incidents, critical infrastructure disruptions, and mass casualty events. Each incident requires rapid decision making and seamless communication across multiple agencies. The training system supports Homeland Security objectives by enhancing the skills necessary to detect early indicators of terrorist activity, respond decisively during incidents, and maintain consistency during emergency operations.

This technology will be fully integrated into our existing training, which includes classroom instruction, on-the-job training, and certification through the Wyoming Law Enforcement Academy. The simulator will also enable the development of a formal internal dispatch academy, led by our newly established Training and Compliance Coordinator. The academy will not only strengthen internal readiness but also support training for our regional partners, reinforcing terrorism response efforts throughout Wyoming.

The simulator will be maintained internally by our IT team, with no ongoing licensing fees. Our Training Coordinator will receive vendor-provisioned instruction to ensure long-term self-sufficiency in content development and delivery. By improving preparedness, strengthening interagency coordination, and expanding access to scenario-based training, this project enhances not only Laramie County's, but Wyoming's ability to respond effectively to acts of terrorism.

**4. Does your requested amount cover the entire cost of your project?**

- ☒ YES  
☐ NO

**5. Will your agency accept partial funding for this project?**

*Please consider your answer carefully. Only answer "YES" if your agency will move forward with this project upon receiving a partial award.*

- ☒ YES  
☐ NO

**6. Has your agency applied for other grant opportunities to support this project?**

*If yes, please list other grants applied for and amounts awarded, if any. If no, enter "N/A".*  
N/A

**7. Has this project been supported by previous SHSP awards?**

If yes, please list the grant year, project name, and last completed milestone. If no, enter "N/A".  
N/A

**8. Did your agency participate in the THIRA?**

- ☒ YES  
☐ NO

**9. Does this project address gaps identified in the THIRA?**

If yes, explain how this project ties into the THIRA and how it addresses gaps. If no, enter "NO".

The 911 Reality PLUS Simulator directly supports the Threat and Hazard Identification and Risk Assessment (THIRA) framework by reinforcing several key core capabilities. These include Operational Coordination, through multi-agency simulated training; Situational Assessment, by improving dispatcher capacity to gather, interpret, and relay vital information; Intelligence and Information Sharing, by modeling time-sensitive communication across jurisdictions; and Screening, Search, and Detection, through exercises involving suspicious activity or potential threats. Together, these functions help us identify, prevent, and mitigate the impact of terrorist incidents and other significant events.

Laramie County faces a growing population and increasing call volume, while also experiencing staffing shortages and training limitations. This simulator addresses these issues by reducing the burden on live trainers, decreasing the time required for new hires to become fully operational, and ensuring all personnel remain prepared for a wide spectrum of hazards. This tool not only improves operational readiness within our center, but also lays the foundation for regional collaboration in the future, as we aim to expand our internal academy to serve other public safety agencies throughout Wyoming. This one-time investment supports sustainable, high-impact improvements to emergency communications which will strengthen the professionalism of our dispatch center and the broader community we serve.

This project will bring the first 911 training simulator of its kind to the state of Wyoming, placing Laramie County at the forefront of innovation in emergency communications training. As threats evolve and emergency events grow in complexity, the need for realistic, scenario based training has never been greater. This simulator allows dispatchers to engage in authentic training environments that replicate real world emergency to include severe weather and hazardous materials incidents to active assailant and coordinated terrorist attacks. It enhances both new hire training and continuing education for experienced staff, providing the opportunity to reinforce critical skills through repeated practice, improve critical thinking, and strengthen decision-making under pressure.

**10. Explain how your project, if funded, would be maintained, supported, and sustained.**

The 911 Reality PLUS 1:2 Simulator will be maintained, supported, and sustained through a combination of vendor provided technical support and internal agency oversight. Professional Pride, Inc., the sole source provider, offers comprehensive support services including installation, training, routine maintenance, software updates, and technical troubleshooting. This includes system diagnostics, replacement parts, remote or on-site troubleshooting, and access to the latest software enhancements. Professional Pride's direct service model ensures compatibility, security, and the continued operational integrity of the simulator. The Laramie County Combined Communications Center (LCCCC) will assign internal staff to coordinate with Professional Pride on regular system checks and ensure integration with our existing IT infrastructure. Additionally, the simulator's design minimizes recurring costs by enabling self-guided training modules and long-term usability, thereby ensuring sustainability beyond the initial implementation period. Budget planning for future maintenance and upgrades will be incorporated into our annual operating costs.

**11. Select this project's Primary Core Capability. A link to additional information on Core Capabilities is available on the Resources Tab.**

Due to the limits of ZoomGrants, all Core Capability choices cannot be listed as a single question. If your project's Core Capability is not listed below, select OTHER from this list and select a capability from Question 12.

- ☐ Planning  
☐ Public Information and Warning  
☒ Operational Coordination  
☐ Intelligence and Information Sharing  
☐ Interdiction and Disruption  
☐ Screening, Search, and Detection  
☐ Forensics and Attribution  
☐ Access Control and Identity Verification  
☐ Cybersecurity  
☐ Physical Protective Measures  
☐ Risk Management for Protection Programs and Activities  
☐ Supply Chain Integrity and Security  
☐ Community Resilience  
☐ Long-term Vulnerability Reduction  
☐ Risk and Disaster Resilience Assessment  
☐ Threats and Hazards Identification  
☐ OTHER

**12. Primary Core Capability selections (continued).**

- ☐ SELECTION MADE FROM QUESTION 11  
☐ Infrastructure Systems  
☐ Critical Transportation  
☐ Environmental Response/Health and Safety  
☐ Fatality Management Services  
☐ Fire Management and Suppression  
☐ Logistics and Supply Chain Management  
☐ Mass Care Services  
☐ Mass Search and Rescue Operations  
☐ On-Scene Security, Protection, and Law Enforcement  
☐ Operational Communication  
☐ Public Health, Healthcare, and EMS  
☒ Situational Assessment  
☐ Economic Recovery  
☐ Health and Social Services  
☐ Housing  
☐ Natural and Cultural Resources

**13. Does this project build new capabilities or sustain existing capabilities?**

- ☒ BUILD  
☐ SUSTAIN

**14. Is any part of this project a deployable and/or sharable asset?**

Can this asset be utilized as a local, state, regional, or national resource?

- ☐ YES  
☒ NO

**15. Does your project require construction or ground disturbance?**

☒ NO

**Complete the purchase and installation of the simulator within the facility and conduct internal trainings.**

☒ NO☒ NO☒ NO

The Laramie County Commissioners have ranked this project 1 out of 8.

Without this system, we risk onboarding delays, increased performance errors, and added strain on an already overburdened team, all factors that can directly delay emergency response and impact lifesaving outcomes

To Whom It May Concern:

This letter is to confirm that 9-1-1 Reality Training Station Simulator, 9-1-1 Desktop Academy and all other products sold by Professional Pride, Inc., are sole source products, manufactured, sold and distributed exclusively by Professional Pride, Inc. There are no agents or dealers authorized to represent these products.

There are no other products available for purchase that would duplicate these products and there is only one price for the above-named products because of exclusive distribution.

If you desire additional information, don't hesitate to contact me at **1-253.435.0911** at any time or visit our website at [911Trainer.com](http://911Trainer.com). Thank you for your interest in our products.

Sincerely,

*Susan Pivetta*

## Section 04 Information Technology

### (04AP) Application Systems and Software

#### (04AP-01) Computer Aided Dispatch

##### 04AP-01-CADS System, Dispatch, Computer Aided

<i>Description:</i>	Computer software system(s) used to track and manage public safety incidents and resources.
<i>Applicable Grant Programs:</i>	BZPP, EMPG, EOC, LETPA-SHSP, LETPA-UASI, MMRS, OPSG, PSGP, PSIC, SHSP, THSGP, UASI
<i>Grant Notes:</i>	When utilizing FEMA program funds to build, upgrade, enhance, or replace communications and information systems, grantees and sub-grantees should develop a comprehensive interoperable communications plan before procurement decisions are made.
<i>Applicable Core Capabilities:</i>	Interdiction and Disruption, On-scene Security and Protection, Operational Communications, Operational Coordination, Public and Private Services and Resources

#### (04AP-02) Position Locating Systems

##### 04AP-02-AVLS Systems, Automatic Vehicle Locating (AVL)

<i>Description:</i>	Automatic Vehicle Locating (AVL) Systems
<i>Applicable Grant Programs:</i>	BZPP, EMPG, EOC, IBSGP, LETPA-SHSP, LETPA-UASI, MMRS, OPSG, PSGP, SHSP, THSGP, UASI
<i>Grant Notes:</i>	
<i>Applicable Core Capabilities:</i>	Environmental Response/Health and Safety, Interdiction and Disruption, Mass Search and Rescue Operations, On-scene Security and Protection, Operational Communications, Operational Coordination, Public Health and Medical Services, Public and Private Services and Resources, Screening, Search, and Detection

##### 04AP-02-DGPS Device, Global Positioning System (GPS)

<i>Description:</i>	Global Positioning System (GPS) receiving device, including self-contained handhelds, mobile mounted systems, and accessory devices to enable computers and communications devices.
<i>Applicable Grant Programs:</i>	BZPP, CCP, EMPG, EOC, FRSGP, IBSGP, LETPA-SHSP, LETPA-UASI, MMRS, OPSG, PSGP, SHSP, THSGP, UASI
<i>Grant Notes:</i>	
<i>Applicable Core Capabilities:</i>	Critical Transportation, Environmental Response/Health and Safety, Infrastructure Systems, Intelligence and Information Sharing, Interdiction and Disruption, Mass Search and Rescue Operations, On-scene Security and Protection, Operational Communications, Operational Coordination, Planning, Public Health and Medical Services, Public and Private Services and Resources, Screening, Search, and Detection

##### 04AP-02-OAPT System, Operations Area Personnel Tracking and Accountability

<i>Description:</i>	Personnel tracking and accountability systems for use in an operations area, including both administrative tracking systems and precision locating and tracking systems.
<i>Applicable Grant Programs:</i>	BZPP, EMPG, EOC, IBSGP, LETPA-SHSP, LETPA-UASI, MMRS, OPSG, PSGP, SHSP, THSGP, UASI
<i>Grant Notes:</i>	

Interactive versions of this list, including an integrated AEL/SEL display are available on-line at [www.rkb.us](http://www.rkb.us).

*Grant Notes:* Maintenance contracts are allowable only for authorized equipment purchased through FEMA grants and/or acquired through the Homeland Defense Equipment Reuse (HDER) Program. See Item 21GN-00-MAIH for information on the HDER Program.

*Applicable Core Capabilities:* Community Resilience , Critical Transportation , Economic Recovery , Environmental Response/Health and Safety , Fatality Management Services , Infrastructure Systems , Intelligence and Information Sharing , Interdiction and Disruption , Mass Care Services , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Operational Coordination , Physical Protective Measures , Planning , Public Health and Medical Services , Public Information and Warning , Public and Private Services and Resources , Risk Management for Protection Programs and Activities , Screening , Search , and Detection , Supply Chain Integrity and Security

---

**21GN-00-OCEQ    Equipment and Supplies, Information/Emergency Operations/Fusion Centers**

*Description:* Necessary equipment and supplies to establish and maintain a Joint Information Center, Emergency Operations Center or DHS recognized Fusion Center (FC). Includes equipment necessary to establish a JIC/EOC/FC (e.g. general office supplies, projector display, portable podium, etc.) that is not specifically covered in other areas of the AEL.

*Applicable Grant Programs:* EMPG , EOC , LETPA-SHSP , LETPA-UASI , SHSP , THSGP , UASI

*Grant Notes:*

*Applicable Core Capabilities:* Intelligence and Information Sharing , Interdiction and Disruption , On-scene Security and Protection , Operational Communications , Operational Coordination , Planning

---

**21GN-00-SHIP    Shipping**

*Description:* Shipping costs for equipment purchased with grant funding.

*Applicable Grant Programs:* BZPP , CCP , EMPG , EOC , IBSGP , IECGP , LETPA-SHSP , LETPA-UASI , MMRS , OPSG , PSGP , PSIC , SHSP , THSGP , TSGP , UASI

*Grant Notes:*

*Applicable Core Capabilities:* Community Resilience , Critical Transportation , Economic Recovery , Environmental Response/Health and Safety , Fatality Management Services , Infrastructure Systems , Intelligence and Information Sharing , Interdiction and Disruption , Mass Care Services , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Operational Coordination , Physical Protective Measures , Planning , Public Health and Medical Services , Public Information and Warning , Public and Private Services and Resources , Risk Management for Protection Programs and Activities , Screening , Search , and Detection , Supply Chain Integrity and Security

---

**21GN-00-STAX    Sales Tax**

*Description:* Sales tax on equipment purchased with grant funding.

*Applicable Grant Programs:* BZPP , CCP , EMPG , EOC , IBSGP , IECGP , LETPA-SHSP , LETPA-UASI , MMRS , OPSG , PSGP , PSIC , SHSP , THSGP , TSGP , UASI

*Grant Notes:*

*Applicable Core Capabilities:* Community Resilience , Critical Transportation , Economic Recovery , Environmental Response/Health and Safety , Fatality Management Services , Infrastructure Systems , Intelligence and Information Sharing , Interdiction and Disruption , Mass Care Services , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Operational Coordination , Physical Protective Measures , Planning , Public Health and Medical Services , Public Information and Warning , Public and Private Services and Resources , Risk Management for Protection Programs and Activities , Screening , Search , and Detection , Supply Chain Integrity and Security

---

**21GN-00-TRNG    Training**

*Interactive versions of this list, including an integrated AEL/SEL display are available on-line at [www.rkb.us](http://www.rkb.us).*

# THE LC<sup>4</sup> DISPATCH

Welcome to the Laramie County Combined Communications Center Monthly Report. We are proud to provide you with a brief recap of the activities at the communications center. The men and women of the Laramie County Combined Communications Center stand ready to assist the citizens of Laramie County in their time of need. Our professional, public safety Telecommunicators work hard every day to stay on the leading edge of technology and training. I welcome you to review our statistical data and take an inside look at the volume of work that goes on inside of our communications center. You will find an incredibly dedicated staff that embraces their role in public safety. Our people are rarely seen, yet our voices are heard as the first point of contact for our police, fire, and EMS responders.

## "WE ARE 911"

You are not alone. Don't forget the resources available to you. We have Peer Support, EAP, and our most valuable resource..... You! Be there for each other. Remember, everyone is suffering a battle you know NOTHING about. Practice kindness, it is the easiest thing in the world to do! - Amber

### CONTACTS:

With the restructure and moving of positions, I hope to eliminate some confusion amongst our public safety partners as to whom to contact and for what.

Technological Needs: [\\_publicsafetyadmin@laramiecountywy.gov](mailto:_publicsafetyadmin@laramiecountywy.gov)

Recording Requests: [disp\\_admin@laramiecountywy.gov](mailto:disp_admin@laramiecountywy.gov)

Public Education Requests: [amber.young@laramiecountywy.gov](mailto:amber.young@laramiecountywy.gov)

We are dedicated to excellence in communications service to all citizens and public safety agencies of Laramie County. Professional and courteous customer service, impartial agency partnerships, integrity, and respect are paramount to our success. We recognize that our mission is best accomplished through teamwork, continued training, improved technology, and the promotion of public education.

## ADMINISTRATION

*Amber Young, ENP, RPL Director, since 2020*

*Sarah, Operations Manager, since 2009*

*William, Quality Assurance & Records Supervisor, since 2019*

*Amy, Training & Compliance Coordinator, since 2012*

*Keeley Kozas, Executive Assistant, since 2024*

## SUPERVISORS

*Rick, Policy & Procedure Team Leader, since 2002*

*Connie, Q Team Leader, since 1996*

*Eva, Since 2015*

*Megan, since 2021*

## EMERGENCY TELECOMMUNICATORS

*Jennifer, since 2007*

*Dawn, since 2009*

*Zach, since 2013*

*Jodi, since 2017*

*Bonnie, since 2021*

*Nicole, since 2022*

*Teresa, since 2023*

*KC, since 2023*

*Tessoro, since 2024*

*Heather, since 2024*

*Heidi, since 2024*

*Dawn G, since 2024*

*Renee, since 2025*

*Violet, since 2025*

# COMM BOARD

The "Advisory Board" was created as a means for our stakeholders to ensure that the communications center consistently meets the expressed needs of the users, operates in an efficient manner, and maintains the highest practical technical standards. Membership includes the following agencies CPD, CFR, County Fire Chiefs, EMA, LCSO, Combined Center Manager, Commissioners, and Information Technology.

New Board Members were elected in our January 2024 Meeting.

The 2025 Board of advisors are listed below:

Chairman Matthew Butler, CLCEMA

Amber Young, LCCCC

Sarah Troudt, LCCCC

Chief Mark Francisco, CPD

Andrew Dykshorn, CFR

Aaron Veldheer, LCSO

Jeanine West, CLCEMA

Beth Harris, CLCEMA

Don Hollingshead, Commissioner

Kraig Murphy, LC IT

Darrick Mittlestadt, LC Fire Chiefs

Kimberly Meyer, Laramie Police Dispatch Manager

## PROJECT UPDATES

**LOCUTION:** Technical meeting June 24.

**SWOT Analysis**—Changing the culture, survey completed, compiled into individual reports. Have begun individual meetings with our Supervisor team.

**TRAINING SPACE**— Find a space that can be used as a training classroom

**ACE ACCREDITATION** - ACE designation is reserved for high-performing agencies that consistently put in the work to achieve excellence. It's a distinguished award and badge of honor for those who go all-in to cultivate center-wide pride, teamwork, and innovation by putting their communities first.

## 2025 Completed Projects

**PRIORITY DISPATCH UPGRADE:** Completed

## 2024 completed projects

**SMART911**— We are live. We will need the support of our Elected Officials, Public Safety Partners, and community to make this successful. Community participation is 100% necessary! If you have any groups that you would like us to present to please let us know! We have already reached out to Safehouse.

**PHONE UPGRADE** — COMPLETED

**NICE RECORDER:** INSTALLED, training completed

## Director Boards & Meetings:

Communications Advisory Board (bi-monthly)

Joint powers board (monthly)

Fire Chiefs (monthly)

Law Enforcement Liaison (monthly)

GIS Cooperative (Quarterly)

Emergency Operations Center (EOC) Planning Committee

Local Emergency Planning Committee, LEPC (Quarterly)

Wyoming Public Safety Communications Commission (Quarterly)

Wyoming NG911 Education and Training Chairperson

Wyoming Association of Public Safety Communications Officials (Quarterly)

...people will forget what you  
**said**, people will forget what  
you **did**, but people will  
never forget how you made  
them **feel**.

MAYA ANGELOU

## ATTENDANCE

In the first quarter of 2025 our staff worked a total of 9,840 hours, with an average of 492 hours per employee. Our total paid time off was 1,039 hours, including 325 hours of Non FMLA sick time. 786 hours of overtime were paid with an average of 20 hours of overtime per employee for the quarter (below is a monthly breakdown).

Our team works 12 hour days, often without a break, jumping from one phone call to the next to serve our community. Holidays, weekends, weather, illness, regardless of the situation these folks show up and get the job done everyday!!

KC worked the most hours with 598, Jodi came in as a close second with 595!

KC, Tess, Dawn G., Jodi, Connie, Heidi, and Violet all had perfect attendance for Q1!

Member	Vacation Time	Sick Leave	FMLA Sick	PTO Total	Overtime	OC Shift Coverage	Regular	Monthly Total	/ Week
March TOTALS	83	117	37	237	173	135	3537	3845	961
March Average	4	6	2	12	9	7	177	192	48
February TOTALS	72	48	243	374	96	110	2722	2928	732
February Average	4	2	12	19	5	6	136	146	37
January TOTALS	42	161	226	453	132	147	2927	3212	714
January Averages	2	8	11	23	7	7	146	161	36

## STAFFING & TRAINING

The Telecommunicator position is posted and will remain up while we make every attempt at getting fully staffed.

KC is training Renee on Emergency Call Taking and starting Fire/EMS radio training.

Heidi is in re-enforcement having completed Law Enforcement & Call Taking training. She will go into her last phase of training mid-July with Will.

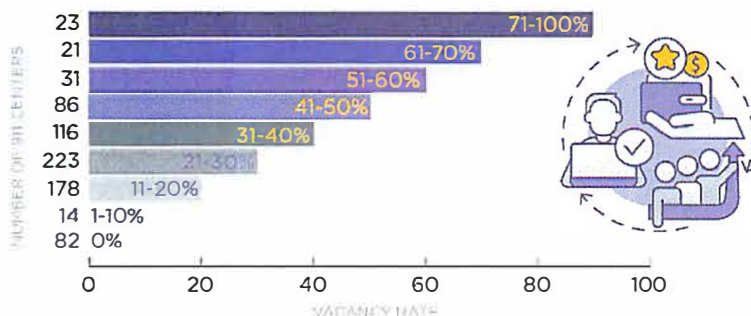

Eva is training Violet on Emergency Call Taking and has started Fire/EMS radio training.

Dawn is in re-enforcement and has completed Call Taking training and Fire/EMS radio training. She will go into Law Enforcement Channel 2 training with Jodi near the end of July.

Our program coordinator is working on restructuring our training manual, evaluation guidelines and the training performance program - Power Ready. All volunteer trainers are going through the Kim Turner Communication Training Officer Programs and Renee & Violet will attend Wyoming Law Enforcement Academy Communication Class this fall. Plans for a training class, additional consoles and training CAD are on hold.

### STAFFING VACANCY RATES IN 911 CENTERS

While some 911 centers surveyed report being fully staffed, others report staggering vacancy rates.

\*This survey was directed to leadership at 911 centers throughout the United States from December 6, 2022 through January 31, 2023.

## LCCCC TRAINING PLAN

- 3 weeks classroom training
- 6 - 9 Months of in-house on the job training
- 2 weeks of Wyoming Law Enforcement Academy, Basic Telecommunicator Training
- CPR Certification
- Monthly Continuing Education Requirements
- NCIC

# EMPLOYEE SATISFACTION

	Overall	COMBINED COMMUNICATION CENTER

We are improving, as you can see, we have gone up in most areas.

Such as:

Communication,  
 Company Performance  
 Engagement  
 Feedback & Recognition  
 Growth  
 Leadership  
 Management  
 Meaningful Work  
 Purpose  
 Workload

# EMPLOYEE SATISFACTION

	Overall	COMBINED COMMUNICATION CENTER	
	2024	2023	2024
Collaboration & Teamwork	76	61	55
I feel like I am part of a team.	77	79	73
No one on my team would deliberately act in a way that undermines my efforts.	68	29	13
Employees in my department treat each other with respect.	70	43	60
I have a good working relationship with my coworkers.	89	83	73
Training	73	79	73
The job training I have received here has been good.	74	71	67
I receive the training I need to do my job well.	72	86	80

Correcting Misinformation - In every staff meeting we will address misinformation in the survey

In dispatch we are not permitted to use our accrued paid time off. Amber decided that limiting vacation time was good for morale.

- That request was made from the floor due to excessive shift coverage/overtime and the Supervisor group voted on it.

Admin seems checked out, what makes you feel that way?

- I promise you, but we are not. We are working on several other projects. We don't send out requests for help without sincerely needing it.

## WHAT ARE WE DOING?

Meanness will not be tolerated

Accountability

Growth & Development  
Improvement Plans

Communication

We will be doing a scheduling Survey  
this summer before vac/shift bids

# ROLES & RESPONSIBILITIES

## OPERATIONS MANAGER

Supervisor Meetings
Timesheets/Payroll
Base Schedule
Monthly Attendance Reports to admin team
Hiring Interview Panel
Q Group oversight
With Director Assistance as needed
Supervisor Management/Coordination
Monthly Supervisor Status Reports
Supervisor Development - individual monthly meetings
Supervisor Quarterly/Annual Evaluations

## TECHNICAL MANAGER (Kraig/Samuel/Lance)

CAD
Permissions
Response Plan changes
Operations Mode Changes
Interfaces, Mobile, ProQA, NICE
Radio (liaison with Motorola)
GIS/MSAG
Generator Maintenance
Project Management
Phones (liaison with Converge One)
NICE Recorder maintenance

## Q/RECORDS SUPERVISOR

Quality Assurance
Tape requests
Documentation for complaint/kudo investigations
CPR / Baby delivery recognition
Monthly phone CAD reports to Admin Team
Serious incident review documentation to be assigned to Supervisors

## DIRECTOR

Planning (exercises, drills, events)
Fire Chief's Liaison
LE Liaisons
Newsletter, Advisory Board
Joint Powers Board (EMS)
Commissioner's Liaison
Contract Management
Budget Planning, Processing
Public Information Officer (PIO)
External Liaison (Public, County, System Users)
Hiring
Quarterly/Monthly Evaluations for:
Operations Manager
Technical Manager
Training / Compliance Coordinator
Q / Records Supervisor

## TRAINING COORDINATOR

Hiring
Administrative Course with new hires
Accreditation
Public Education Coordination/Outreach
Administrative Training
Maintain compliance by monitoring expiration RapidSOS / Smart911 System Mgmt
Change coordination (training on new policies PowerDMS System Management)
Training schedule management
PowerReady maintenance
Bi-Monthly training meetings

## SUPERVISORS

quarterly / monthly evaluations (TC's)
performance recognition
advocate and implement change
floor management
participate in Supervisor Meeting Discussions
Serious incident reviews
Q Assignments
Employee Development

# STATISTICS

There are two primary standards that apply to Call Answering Times, or how fast does the 911 center pick up the telephone call. The National Emergency Number Association (N.E.N.A) Call Answering Standard and the National Fire Protection Association, (N.F.P.A.) Standard 1221-13.

The NENA standard states, "Standard for answering 9-1-1 Calls. Ninety percent (90%) of all 9-1-1 calls arriving at the Public Safety Answering Point (PSAP) shall be answered within ten (10) seconds during the busy hour (the hour each day with the greatest call volume, as defined in the NENA Master Glossary). Ninety-five (95%) of all 9-1-1 calls should be answered within twenty (20) seconds."

NFPA Standard 1221-13 states, "Ninety-five percent of alarms received on emergency lines shall be answered within 15 seconds, and 99 percent of alarms shall be answered within 40 seconds."

The Laramie County Combined Communications Center had an average answer time of four seconds. This chart represents the average call answer time for each month. This is a standard that is incredibly difficult for a center to attain. The men and women at LCCCC are committed to answer our 911 lines as expeditiously as possible.

The PSAP Answer Time Report is representative of the caller's answer time experience. Seizure-to-Answer Time is measured from the time of call seizure to the time of agent answer. Times shown include Setup, and may include Queue Seconds and/or Ring Seconds depending on PSAP configuration.

# GOALS & ACCOMPLISHMENTS

## LCCCC ONGOING GOALS

All successful agencies develop a plan that will act as a road map for their future. LCCCC is no different and below are listed some of the primary initiatives that we have been working on.

- Staffing, 5 people per shift.
- Abandoned Calls below 5% (currently 8.6%)
- Get Quality Assurance/Records Supervisor off the floor
- Improve contingency planning and continuity of operations.
- Uniforms – new patch/logo has been selected
- Improve and increase our public outreach program.
- Improve our training program for veteran dispatchers to include a training classroom.
- Develop an online training presence for our staff and users.
- Develop long-range capital improvement and strategic planning processes.
- continue to invest in training and technology to educate our workforce and keep them on the leading edge of our profession.

## ACCOMPLISHMENTS

Let's take a moment to celebrate and acknowledge all your accomplishments!

- Training and Compliance Coordinator off the floor January 6, 2025
- Streamline and improve our hiring process, using online Criticalll and Electronic Eye Detect
- NICE Recorder installed
- 1st dispatch academy completed
- 85 South Microwave tower upgrade Completed
- Viper Upgrade Complete
- Smart911 Launch
- Created the Quality Assurance & Records Supervisor position
- Created a Training & Compliance Coordinator position to oversee and grow our training program
- Operations Manager
- Completed Active Shooter training for staff
- Completed liability training for staff
- Hosted our first annual open house, and awards dinner
- CPR LifeSaver Awards. This pin is awarded to an Emergency Telecommunicator when their actions in providing callers valuable CPR instructions; successfully contribute to a life saved. For most of us it is a symbol of why we do this job. We are here because we want to help people!

**Give 9-1-1 the information they need to help you *fast*.**

Create a Smart911 Safety Profile to share valuable information about yourself, family members, your home, pets and more when you call 9-1-1. It's private, secure and you control what is in your profile. Smart911 can save valuable time during any emergency.

**Smart911®**

**Smart911.com®**

**Plan Ahead For Any Emergency**

or at  
**www.smart911.com**

# 9-1-1 GOES TO WASHINGTON

There have been several pieces of legislation and rule changes related to 9-1-1, including:

## **LOCATION-BASED ROUTING**

On January 26, 2024, the Federal Communications Commission (FCC) adopted rules that require wireless providers to use location-based routing for 9-1-1 calls. This method uses the caller's IP-network to provide a more accurate location for the call.

## **911 SERVICE REPORTING**

25LSO-0297 is An act relating to emergency telephone service; requiring reporting of 911 outages; clarifying provisions related to reporting of revenues and expenditures; and providing for an effective date. Requires reporting of 911 outages, Requires PSC to promulgate rules.

## **NEXT GENERATION 9-1-1**

H.R. 1784 is a bill that establishes grants and other activities to support next generation 9-1-1 systems. These systems are interoperable, secure, and Internet Protocol-based. The bill also directs the FCC to study the public safety benefits, technical feasibility, and cost of making unlicensed technologies available to the public for direct access to 9-1-1 services.

## **911 SAVES ACT**

H.R. 6319 is the 911 SAVES Act of 2024. The amended legislation includes a requirement that if 9-1-1 professionals are not reclassified, the OMB Director would have to submit an explanation to Congress within 60 days.

### **State reclassification efforts**

These efforts aim to elevate the 9-1-1 profession by:

- Adding telecommunicators to the list of public safety employees who are eligible for work-related mental health services
- Shielding telecommunicators' names and information from state open records acts requirements

# HISTORY

For most Americans, "9-1-1" is synonymous with a call for help to local police, fire and rescue and medical emergency services. But the road to establishing a universal system for seeking—and delivering—emergency services has been long!

Here is a brief history of the evolution of 9-1-1 and Public Safety Communications:

**1937:** The concept of 9-1-1 is introduced in the United Kingdom using the number 999. U.S. military personnel learn about the concept while serving in the U.K. during World War II.

**1957:** The International Association of Fire Chiefs (IAFC), now headquartered in Fairfax County, petitions the Federal Communications Commission to establish a three-digit universal emergency services number in the United States.

**1958:** The FCC reserves 9-1-1 for use by any jurisdiction electing to establish a three-digit emergency number to call for police, fire and rescue or emergency medical services.

**1967:** The President's Commission on Law Enforcement and Administration of Justice recommends establishing a single number nationwide for reporting emergency situations—to replace different numbers used for each type of emergency.

**1967:** The FCC meets with the American Telephone and Telegraph Company (AT&T) to find a means to quickly implement a universal emergency services number.

**1968:** AT&T announces plans to establish 9-1-1 as the emergency code throughout the United States. They choose 9-1-1 because it's brief, easy to remember and can be dialed quickly. It's also never been authorized as an office code, area code or service code.

**1968:** On February 16, Senator Rankin Fite completes the first 9-1-1 call made in the United States from Haleyville, Alabama.

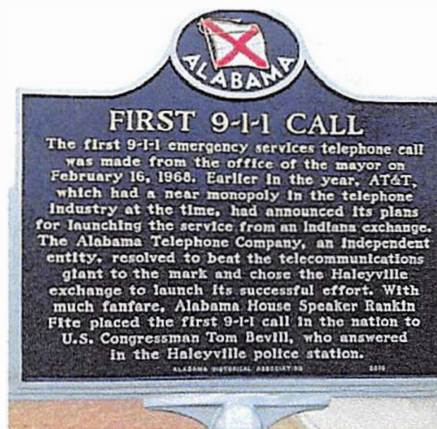

**1973:** The White House Office of Telecommunications issues a national policy statement recognizing the benefits of 9-1-1, encouraging the nationwide adoption of 9-1-1 and providing for the establishment of a Federal Information Center to assist units of government in planning and implementation.

**1981:** Fairfax County adopts 9-1-1 as its emergency services number.

**1991:** Congress designates the second week in April as National Public Safety Telecommunications week to recognize 9-1-1 personnel who help save countless lives every day by dispatching law enforcement, fire and rescue and emergency medical services personnel.

**2008:** An act of Congress designates April as National 9-1-1 Education Month—a time for education on the importance of 9-1-1 to public safety.

**2009:** About 96 percent of the geographic United States is covered by some type of 9-1-1.
