MEMORANDUM

TO: Laramie County Board of Commissioners

FROM: Cate Cundall, Associate Planner

DATE: December 3, 2024

TITLE: PUBLIC HEARING regarding a Vacation and Administrative Plat for Archer Estates, 11th Filing, located on the North ½ of Tract 9, Archer Estates, 3rd Filing, Laramie County, WY.

EXECUTIVE SUMMARY

Steil Surveying Services, LLC, on behalf of Triple Dot Capital Investments, LLC, has submitted an Administrative Plat application for Archer Estates, 11th Filing, situated in a portion of the NE1/4 of the SE1/4 of Section 16, Township 14 North, Range 65 West, 6th P.M., Laramie County, WY. The subject property lies at 12611 Glencoe Drive, Cheyenne, WY. The purpose of the application is to divide the 10.77 gross acre tract into two (2) residential tracts. Tract 1 will include the existing residence.

BACKGROUND

The subject property is in the A-1-Agricultural and Rural Residential zone district. The surrounding area consists of subdivisions ranging in lot sizes from five to ten acres.

Pertinent Statutes and Laramie County Land Use Regulations Include:

Section 2-1-102 governing the criteria for an Administrative Plat.

Section 4-2-101 governing the A-1 – Agricultural and Rural Residential zone district.

DISCUSSION

The Laramie County Comprehensive Plan identifies the area as Rural Metro (RM). This area is located generally outside the Urban Interface of Cheyenne and includes the areas within the MPO boundaries. Where possible, shared systems and denser residential uses should be encouraged.

According to the adopted AMEC Memo dated January 31, 2014, the property lies within Zone 2 of the study area. Development design standards contained within Section 2-1-104 of the Land Use Regulations dictate that minimum acreage within Zone 2 be 5.25 acres to accommodate for the impervious surface of residential structures and driveways. The tracts will meet this minimum size requirement.

Water and sanitary sewer will be provided by individual wells and septic systems.

The subdivision will be accessed via Glencoe Drive. Traffic and drainage study waivers were approved by the engineer since impacts will be minimal.

Agency review comments have been addressed and corrections made to the final plat. Public notice was completed per section 1-2-104 and comments in opposition were received.

RECOMMENDATION and FINDINGS

Based on evidence provided, staff finds that:

- a. This application meets the criteria for an administrative plat pursuant to section 2-1-102 of the Laramie County Land Use Regulations.
- b. This application is in conformance with section 4-2-101 governing the A-1 -Agricultural and Rural Residential zone district.

and the Board of County Commissioners may approve the Administrative Plat for Archer Estates, 11th Filing, with no conditions, and to adopt the finding of facts a and b of the staff report.

PROPOSED MOTION

I move to approve the Administrative Plat for Archer Estates, 11th Filing, located in a portion of the NE1/4 of the SE1/4 of Section 16, T14N, R65W, of the 6th P.M., Laramie County, WY with no conditions and adopt the findings of facts a and b of the staff report.

Steil Surveying Services, agent for the owner, intends to subdivide the above-noted property/tract of land; a Zone Change is not required.

Following the pre-application meeting, this letter is submitted, on behalf of the owner, requesting a waiver from the requirements for a Traffic Study and Drainage Study pursuant to Sections 2-1-100.b, 3-1-105, 3-5-105 of the Laramie County Land Use Regulations.

The overall density of the subdivision is 10 acres. The Proposed subdivision will consist of two (2) tracts of 5.25 acres or greater.

Laramie County Commissioners:

I am writing to advise you of my opposition to the proposed division of the residential plat located at 12611 Glencoe Drive.

My property is located directly north at 7138 Grace Rd. I have been living here for over 37 years. My husband and I bought this property in 1987 because we wanted to take advantage of what rural life has to offer. Specifically, having horses, a few cattle, several dogs, barn cats and a large garden that you can't have in the city. Most importantly, not having neighbors in close proximity.

All the residential plats in my area are at at minimum of 9 acres. I have concerns about drilling more water wells and what that would do to the water table. I also have concerns with more noise pollution. I have a problem with developers trying to gobble up any vacant land they can find and build as many houses as they can just to make money. Especially when they don't even live in the area.

I'm not sure what criteria you use to approve an application like this but if my input is of any value I would urge you to deny this application.

Sincerely,
Ann Smith
