Subject: RE: Board Term Expiring

Hi Valerie:

Keith Zabka

Keith would like to remain on the Board. I would like to keep him permanently too. With that being said, does Keith have to fill out another application or is the fact he is already occupying the position suffice?

Thanks,

Tim Barth, C.M.

Subject: Board Term Expiring

Hi Tim,

Not long ago the Commissioners appointed Keith Zabka to complete Frank Gerstenkorns' term which will expire on December 31, 2020. I just want to let you know that the Commissioners will have to reappoint him for a full 5 year term in December, if Keith and the board would like to continue in that direction. Please let me know if either of them objects. Thanks!

Laramie County Airport Board Application

Interests:

As many of you might know I was assigned to the Airport Board as a County Commissioner for two years. I was ecstatic to have helped in bringing Air service back to Laramie County and the opening of the New Terminal. My attendance record was almost perfect. I represented the Commissioners and the Airport Board in many discussions and I even took the opportunity to fly to Dallas (on my own dime) and meet with Execs of American Airlines to look hard at Laramie County for air service.

As a County Commissioner I was assigned to over 12 Boards in my 4-year service, from Recreation to Leads to Tourism to the Airport. I enjoyed that service and learned a lot about our community. Since then I continue to support our State and Laramie County on the Wyoming Water Development Committee as a Commissioner appointed by the Governor and a board member for the CRAFT board.

I am still very interested in supporting and championing air service in our community. I was asked to be on the CRAFT board last year and took that as an opportunity to continue that support. I have enjoyed my time on the CRAFT board but would like to get more into the future operations and functions of Laramie County Air Service. I know they face many challenges with new run way construction, new service through DIA, future funding and continuing to support the new terminal.

I think my back ground as a business man, a community leader, and the recent involvement in our air service makes me an excellent choice as a new Board member.

I think the current board is a great group of individuals and I can work with them as we move forward on Laramie County Air Service goals.
