Commissioner Thompson said there was discussion with the Roundtop Estates developer about the July 13 condition imposed by the Board that the developer be required to pave a portion of the road prior to recordation of the plat. Commissioner Thompson explained the developer requested consideration of a bond in lieu of paving the road prior to plat recordation.

The Board directed the County Attorney's office and Public Works to work with the developer to draft a resolution providing a revised condition to allow the bond option.

Chairman Malm noted time is of the essence when it comes to development. A resolution ratifying the bond conditions will be considered at the next board meeting. Chairman Malm further noted the bond option has been given to other developers in the past.

A motion was made by Commissioner Thompson, seconded by Commissioner Lovett, to approve the alternative bond condition on condition of final approval of the resolution by the County Attorney's office and signature by the developer. The developer has to submit any proposed bond to the County Attorney's office for review and approval of the county. The resolution is not effective and the plat cannot be recorded until the bond is approved. The motion carried by the following vote:

Aye: Malm, Holmes, Heath, Lovett, Thompson
