Cate Cundall, Associate Planner on behalf of Sonny Keen reported that Steil Surveying Services, LLC on behalf of Riatta Holdings, LLC, applied for the Frontier Tracts, 4th Filing Subdivision Permit and Plat at 3330 I-80 Service Road. The purpose of the application is to subdivide the property into eight commercial lots.

The property is designated LU-Land Use and is currently used a commercial oil and gas services operation. The surrounding area consists of residential, commercial and unplatted uses.

Waivers for traffic and drainage studies were approved, however, further development for future commercial use may require both traffic and drainage studies. Future infrastructure upgrades within the subdivision may be required as future commercial uses are developed. Bar S Drive will need to be designed and built to current County Road Standards, and a non-adverse DEQ Chapter 23 recommendation received prior to plat recordation.

PUBLIC HEARING regarding a Subdivision Permit & Plat for Skyview Estates, 3rd Filing, A Vacation and Replat of Tracts 62-69, 78-80, 82-84, 86-93, 94, 97-98, and 101, Skyview Estates, 2nd Filing, Laramie County, WY.

**Attachments:** [PZ-25-00014 LCPC STAFF REPORT PKG 4.10.25](#)

Bryce Hamilton, Associate Planner, reported that Jones Land Surveying, on behalf of various owners in the Skyview Estates Subdivision applied for the Skyview Estates, 3rd Filing Subdivision Permit and Plat to replat and combine 26 of the small lots originally created for airplane hangars into 11 lots to make them larger and more buildable under current County standards. An outstanding issue remains over the effects the replat may have on the 1/73 undivided interest each of these lots has in the various airstrip easements that will need resolution.

The current use of the property is a mixture of vacant and built-up land and is situated in the LU zone district. The parcels are accessed from Aviator Court off Road 137. Currently the setbacks for the LU District make the existing lots nearly unbuildable. The replatted lots would not be permitted septic systems given their small sizes and a plat note clarifies that they may not be used as residences under the AMEC memo.

Cotton Jones, applicant's agent, was present to answer any questions.

Vice Chairman Watkins opened the public hearing. hearing no comments the hearing was closed and a motion and discussion called for.

Johnny J. Tafoya, II moved, seconded by Jack Stadel to adopt findings of fact a and b of the staff report and to recommend approval of the Subdivision Permit and Plat for Skyview Estates, 3rd Filing by the Board of County Commissioners with the one condition outlined in the staff report. Vote 3-0.
