

RESOLUTION NO.

A RESOLUTION AUTHORIZING THE SUBMISSION OF A GRANT APPLICATION TO THE WYOMING OFFICE OF HOMELAND SECURITY FOR THE FFY 2025 STATE HOMELAND SECURITY GRANT PROGRAM (SHSP), ON BEHALF OF THE GOVERNING BODY OF LARAMIE COUNTY, WYOMING TO REQUEST FUNDING IN THE AMOUNT OF \$187,359.00.

FOR THE PURPOSE OF: REQUESTED FUNDS WILL BE USED TO REPLACE PORTABLE RADIOS AND EQUIPMENT ASSIGNED TO OUR COMMUNICATIONS AND MOBILE COMMAND POST.

WITNESSETH

WHEREAS, the Wyoming Office of Homeland Security receives FFY 2025 SHSP funds from the Federal Emergency Management Agency and;

WHEREAS, the Wyoming Office of Homeland Security distributes a portion of these FFY 2025 SHSP funds to Wyoming Counties and;

WHEREAS, the Laramie County Board of Commissioners is eligible to apply for and receive FFY 2025 SHSP funds for the Laramie County Emergency Management Agency and;

WHEREAS, the Governing Body of Laramie County desires to participate in the Wyoming Office of Homeland Security Grant Program (SHSP) by sponsoring this grant application to assist in financing the Laramie County Emergency Management Agency; and

WHEREAS, the Governing Body of Laramie County has been provided with preliminary cost estimates and information on this project; and

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF LARAMIE COUNTY that a grant application in the amount of \$187,359.00 be submitted to the Wyoming Office of Homeland Security for consideration of assistance in funding the Laramie County Emergency Management Agency under the FFY 2025 SHSP grant program.

BE IT FURTHER RESOLVED, that Sandra Bay, or her successor in the position of Laramie County Grants Manager, is appointed as agent of the Laramie County Board of Commissioners to execute and submit applications and certifications for these funds and to receive funds and implement the programs funded under this grant.

PASSED, APPROVED AND ADOPTED THIS 16th DAY OF SEPTEMBER 2025.

Application Questions [top](#)

1. Applicant Agency Type

- ☐ City/Town
- ☒ County
- ☐ State
- ☐ Tribe
- ☐ RERT
- ☐ Bomb Team
- ☐ School District/Higher Education
- ☐ Special District
- ☐ Other

2. Briefly describe your project.

This should be a concise statement of what you are seeking funding for. This description should not include a Statement of Need, problem statement, or historical description of your agency.

Laramie County maintains a communications plan that is fully compatible with the State of Wyoming's WyoLink system, ensuring interoperability with regional and state agencies. However, as WyoLink technology continues to advance, the County faces a critical need to replace aging and unsupported portable radio equipment with modern, fully compatible units.

The current radios, assigned to our communications and mobile command post, are essential for coordinating emergency response and providing on-scene security during major incidents and multi-jurisdictional events. These units are no longer supported by the manufacturer, and replacement parts are increasingly scarce, jeopardizing reliable communication when it is needed most. Without effective and interoperable radio communication, our ability to coordinate with other first responders and execute time-sensitive operations is significantly compromised.

Replacing these outdated radios will enhance operational readiness, improve interagency coordination, and ensure the continued safety of our personnel and the communities we serve.

3. Describe how this project supports efforts to build, sustain, and deliver the capabilities necessary to prevent, prepare for, protect against, and respond to acts of terrorism.

All SHSP supported projects must have a nexus to terrorism. Your answer here will be used to justify the project's eligibility on the state's application. Insufficient answers may prohibit an approved finding by FEMA Program Management.

This project directly supports the core mission areas of prevention, protection, response, and recovery — including preparedness for acts of terrorism and other large-scale emergencies. The most recent Threat and Hazard Identification and Risk Assessment (THIRA) confirmed a persistent gap in operational coordination, driven in part by outdated communication technology.

Replacing our obsolete portable radios will significantly enhance on-scene response times and ensure uninterrupted, interoperable communication with partner agencies. This upgrade will strengthen coordinated response efforts across jurisdictions, enabling more efficient deployment of resources and improved situational awareness.

By equipping our mobile command unit with reliable, modern portable radios, we will close a critical capability gap, enhance multi-agency collaboration, and ensure a more resilient and unified response to future incidents.

4. Does your requested amount cover the entire cost of your project?

- ☒ YES
- ☐ NO

5. Will your agency accept partial funding for this project?

Please consider your answer carefully. Only answer "YES" if your agency will move forward with this project upon receiving a partial award.

- ☒ YES
☐ NO

6. Has your agency applied for other grant opportunities to support this project?

If yes, please list other grants applied for and amounts awarded, if any. If no, enter "N/A".

No, these radios were purchased with grant funding more than 10 years ago.

7. Has this project been supported by previous SHSP awards?

If yes, please list the grant year, project name, and last completed milestone. If no, enter "N/A".

The radios we are looking to replace were purchased with SHSP 2011 funding.

8. Did your agency participate in the THIRA?

- ☒ YES
☐ NO

9. Does this project address gaps identified in the THIRA?

If yes, explain how this project ties into the THIRA and how it addresses gaps. If no, enter "NO".

The Threat and Hazard Identification and Risk Assessment (THIRA) has confirmed a known and ongoing gap in our operational coordination capabilities, largely due to evolving communication technologies. Our current equipment is no longer adequate to meet the demands of modern emergency response.

The requested portable radios will significantly improve on-scene response times and ensure reliable, uninterrupted communication with partner agencies. This enhanced interoperability is critical for coordinating prevention, protection, response, and recovery efforts — including responses to acts of terrorism and other complex incidents.

By modernizing our communication tools, this project will strengthen our collaborative response capabilities across jurisdictions, reduce operational gaps, and better protect the safety and security of both first responders and the communities we serve.

10. Explain how your project, if funded, would be maintained, supported, and sustained.

The Laramie County Emergency Management Agency will be responsible for maintaining and supporting the requested interoperable communication equipment. All radios will be properly handled, stored, and routinely serviced to ensure long-term functionality and readiness. Established protocols are in place for equipment tracking, maintenance, and secure storage, ensuring the radios remain in optimal condition and are readily available for deployment during emergencies or large-scale events.

11. Select this project's Primary Core Capability. A link to additional information on Core Capabilities is available on the Resources Tab.

Due to the limits of ZoomGrants, all Core Capability choices cannot be listed as a single question. If your project's Core Capability is not listed below, select OTHER from this list and select a capability from Question 12.

- ☐ Planning
☐ Public Information and Warning
☐ Operational Coordination
☐ Intelligence and Information Sharing
☐ Interdiction and Disruption
☐ Screening, Search, and Detection
☐ Forensics and Attribution
☐ Access Control and Identity Verification
☐ Cybersecurity
☐ Physical Protective Measures
☐ Risk Management for Protection Programs and Activities
☐ Supply Chain Integrity and Security
☐ Community Resilience
☐ Long-term Vulnerability Reduction
☐ Risk and Disaster Resilience Assessment
☐ Threats and Hazards Identification
☒ OTHER

12. Primary Core Capability selections (continued).

- ☐ SELECTION MADE FROM QUESTION 11
☐ Infrastructure Systems
☐ Critical Transportation
☐ Environmental Response/Health and Safety
☐ Fatality Management Services
☐ Fire Management and Suppression
☐ Logistics and Supply Chain Management
☐ Mass Care Services
☐ Mass Search and Rescue Operations
☐ On-Scene Security, Protection, and Law Enforcement
☒ Operational Communication

Dear Matt Butler,

Motorola Solutions is pleased to present LARAMIE COUNTY EMERGENCY MANAGEMENT AGENCY with this quote for quality communications equipment and services. The development of this quote provided us the opportunity to evaluate your requirements and propose a solution to best fulfill your communications needs.

This information is provided to assist you in your evaluation process. Our goal is to provide LARAMIE COUNTY EMERGENCY MANAGEMENT AGENCY with the best products and services available in the communications industry. Please direct any questions to Rhiannon White at rhiannon@absolutewyoming.com.

We thank you for the opportunity to provide you with premier communications and look forward to your review and feedback regarding this quote.

Sincerely,

Rhiannon White

Motorola Solutions Manufacturer's Representative

during the grant project period. Grantees are reminded that supplanting of previously planned or budgeted activities is strictly prohibited. Grantees should coordinate with their assigned FEMA preparedness officer to determine the appropriate allowable cost category for these purchases.

Applicable Core Capabilities:

Environmental Response/Health and Safety , Intelligence and Information Sharing , Interdiction and Disruption , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Operational Coordination , Public Health and Medical Services , Public and Private Services and Resources , Screening , Search , and Detection

06CP-01-FORT Radio, Portable

Description:

Individual/portable radio transceivers.

Applicable Grant Programs:

Amtrak , BZPP , CCP , EMPG , EOC , IBSGP , IECGP , LETPA-SHSP , LETPA-UASI , MMRS , OPSG , PSGP , PSIC , SHSP , THSGP , TSGP , UASI

Grant Notes:

This section includes equipment and systems that provide connectivity and electrical interoperability between local and interagency organizations to coordinate CBRNE response operations. When utilizing FEMA program funds in the category of Interoperable Communications Equipment to build, upgrade, enhance, or replace communications systems, grantees and sub-grantees should develop a comprehensive interoperable communications plan before procurement decisions are made.

Grant funds may be used to cover only those services provided during the grant project period. Grantees are reminded that supplanting of previously planned or budgeted activities is strictly prohibited. Grantees should coordinate with their assigned FEMA preparedness officer to determine the appropriate allowable cost category for these purchases.

Applicable Core Capabilities:

Environmental Response/Health and Safety , Fatality Management Services , Intelligence and Information Sharing , Interdiction and Disruption , Mass Care Services , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Operational Coordination , Public Health and Medical Services , Public and Private Services and Resources , Screening , Search , and Detection

06CP-01-REPT Repeaters

Description:

An electronic device that receives a weak or low-level signal and retransmits that signal to extend usable range.

Applicable Grant Programs:

Amtrak , BZPP , CCP , EMPG , EOC , IBSGP , IECGP , LETPA-SHSP , LETPA-UASI , MMRS , OPSG , PSGP , PSIC , SHSP , THSGP , TSGP , UASI

Grant Notes:

This section includes equipment and systems that provide connectivity and electrical interoperability between local and interagency organizations to coordinate CBRNE response operations. Grant funds may be used to cover only those services provided during the grant project period. Grantees are reminded that supplanting of previously planned or budgeted activities is strictly prohibited. Grantees should coordinate with their assigned FEMA preparedness officer to determine the appropriate allowable cost category for these purchases.

Applicable Core Capabilities:

Environmental Response/Health and Safety , Intelligence and Information Sharing , Interdiction and Disruption , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Operational Coordination , Public Health and Medical Services , Public and Private Services and Resources , Screening , Search , and Detection , Supply Chain Integrity and Security

Interactive versions of this list, including an integrated AEL/SEL display are available on-line at www.rkb.us.

Applicable Core Capabilities: Intelligence and Information Sharing , Interdiction and Disruption , Mass Search and Rescue Operations , Operational Communications , Operational Coordination , Public and Private Services and Resources

Certain products in this category have been identified as requiring an Environmental and Historic Preservation (EHP) review. This does not apply to mobile and portable equipment, however all other items must be submitted for review. Please contact your assigned GPD Program Analyst or the Centralized Scheduling and Information Desk (CSID) at 1-800-368-6498 for further information.

06CP-03-NRSC Cable, Non Radiation-Shielded Transmission

Description: Non radiation-shielded transmission cable between base/repeater and antenna.

Applicable Grant Programs: Amtrak , BZPP , EMPG , EOC , IBSGP , IECGP , LETPA-SHSP , LETPA-UASI , MMRS , OPSG , PSGP , PSIC , SHSP , THSGP , TSGP , UASI

Grant Notes: This section includes equipment and systems that provide connectivity and electrical interoperability between local and interagency organizations to coordinate CBRNE response operations. When utilizing FEMA program funds in the category of Interoperable Communications Equipment to build, upgrade, enhance, or replace communications systems, grantees and sub-grantees should develop a comprehensive interoperable communications plan before procurement decisions are made.

Grant funds may be used to cover only those services provided during the grant project period. Grantees are reminded that supplanting of previously planned or budgeted activities is strictly prohibited. Grantees should coordinate with their assigned FEMA preparedness officer to determine the appropriate allowable cost category for these purchases.

Applicable Core Capabilities: Environmental Response/Health and Safety , Interdiction and Disruption , Mass Search and Rescue Operations , On-scene Security and Protection , Operational Communications , Public Health and Medical Services , Public and Private Services and Resources , Screening , Search , and Detection
