

The Laramie County Consumer Fireworks Retail Sales Regulations (CFRS) provide that the Board of Laramie County Commissioners may place reasonable restrictions or standards upon the issuance of a Laramie County Fireworks Sales Permits. Further, the CFRS provides that violation of such restrictions or standards may result in revocation of any issued permit.

This permit is conditioned upon compliance with the existing Laramie County Consumer Fireworks Retail Sales regulations (as amended) as well as any applicable law or regulation, state, local or federal and including but not limited to the following restrictions and standards:

That no agent, owner, employee or representative of a fireworks sales permit shall enter, be in or on, any road right-of-way, using a bullhorn, waving flags or engaging in any activity to direct people onto the property of the fireworks business.

Use of amplified sound, i.e. bullhorn or other method: Such sound may be projected or emanate only from the immediate property of the respective fireworks building location, not from other locations on the property nor any elevated platform or structure. (Speakers on the roof edge of buildings are acceptable.) The sound cannot exceed 80 dB at the border of the property.

No agent, owner, employee or representative of a fireworks sales permit may engage in any harassment or conduct which is reasonably likely to disturb or interfere with the operation of other fireworks business operations, their employees or customers, no matter where engaged, whether verbally, by conduct or other method.

Mr. Frank Elliott shall not be present, or within 300 yards (travel along 1-25 excluded), of the location of this fireworks permit.
