Regarding an application for appointment on the Laramie County Community Action Board.

My interest in serving this board is connected to my work with children and families in the community over past 13 years. I am a Licensed Clinical Social Worker with a specialty in early childhood mental health. I have worked with countless families that have been served by Head Start and I feel that I can advocate and help create policies that will continue to positively impact the families and larger community. I spent 12 years at Peak Wellness Center as an Early Childhood Specialist and a Clinical Supervisor. Working in the non-profit sector I am very familiar with the role of a board and the impact the decisions can have on the staff, families, and the community. I have attended various community meetings including the Laramie County Community Partnership, Best Beginnings facilitated by Stride, and in 2007 spent two years in a state funded project to train mental health professionals to work with children 5 and under. I have moved into private practice but continue to work with children 5 and under on a daily basis. Please consider my application as I am a Cheyenne native and I want to do my part to serve the community using my unique skills.

Thank you,
