

RESOLUTION NO.

A RESOLUTION AUTHORIZING THE RATIFIED SUBMISSION OF A GRANT APPLICATION TO THE WYOMING OFFICE OF HOMELAND SECURITY FOR THE FFY 2022 STATE HOMELAND SECURITY GRANT PROGRAM (SHSP), ON BEHALF OF THE GOVERNING BODY OF LARAMIE COUNTY, WYOMING TO REQUEST FUNDING FOR THE LARAMIE COUNTY CORONER'S OFFICE IN THE AMOUNT OF \$96,368.00.

FOR THE PURPOSE OF: FUNDS WILL BE USED FOR THE PURCHASE OF TWO POWERED GURNEYS AND EIGHT BELT MOUNTED HOOD PAPR'S.

WITNESSETH

**WHEREAS**, the Wyoming Office of Homeland Security receives FFY 2022 SHSP funds from the Federal Emergency Management Agency and;

**WHEREAS**, the Wyoming Office of Homeland Security distributes a portion of these FFY 2022 SHSP funds to Wyoming Counties and;

**WHEREAS**, the Laramie County Board of Commissioners is eligible to apply for and receive FFY 2022 SHSP funds for the Laramie County Coroner's Office and;

**WHEREAS**, the Governing Body of Laramie County desires to participate in the Wyoming Office of Homeland Security Grant Program (SHSP) by sponsoring this grant application to assist in financing the Coroner's Office; and

**WHEREAS**, the Governing Body of Laramie County has been provided with preliminary cost estimates and information on this project; and

**NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF LARAMIE COUNTY** that a grant application for \$96,368.00 be submitted to the Wyoming Office of Homeland Security for consideration of assistance in funding the Laramie County Coroner's Office under the FFY 2022 SHSP grant program.

**BE IT FURTHER RESOLVED**, that Sandra Newland, or her successor in the position of Laramie County Grants Manager, is appointed as agent of the Laramie County Board of Commissioners to execute and submit applications and certifications for these funds and to receive funds and implement the programs funded under this grant.

**3. Please describe "What" your need is and "Why" you need it.**

We are requesting funding to purchase two powered gurneys and eight full respirators with belt attachments (PAPR systems) for fatality management. The Laramie County Coroner's Office has seen a significant increase in their caseload over the last year, especially due to COVID-19. The purchase of this equipment is an essential component to the operations at the Coroner's Office. This request incorporates two powered gurneys and up to eight PAPR Systems with hood to protect our staff. The gurneys are to provide easy transportation and movement of deceased individuals. The PAPR's are an air-purifying respirator that creates airflow inside of a hood for protection. These respirator hoods offer greater protection to aerosolized pathogens that can be encountered on a scene or in the lab.

This request supports Laramie County's mass fatality management plan by enhancing availability of proper equipment. This equipment can be deployable and used countywide and can be loaded into the Mass Casualty Trailer.

**4. List your AEL Codes here. REQUIRED for all equipment requests. The AEL is available at <http://www.fema.gov/authorized-equipment-list>.**

*Some equipment items require prior approval before the obligation or purchase of the items. Please reference the grant notes for each equipment item to ensure prior approval is not required.*

**5. Does this project require new construction, renovation, retrofitting or modifications of an existing structure?**

*Are you drilling holes in walls, turning dirt or modifying an existing structure in any way?*

☐ YES - An EHP may be required

☒ NO

**6. Does the requested funding cover all components of the project?**

☒ YES

☐ NO

**7. Will you accept partial funding?**

☒ YES

☐ NO, explain:

**8. Have you applied for other grant opportunities to fund this request?**

*If yes, please name what other grants have been applied for, the amount of funding received and what portion of the project the funding was for.*

No current application exist for this request. WOHS did support the purchase of one powered gurney in the 2021 grant cycle.

**9. Does this project support a previous SHSP award?**

☐ YES

☒ NO

**10. \*\* If you answered YES to number 9, please answer: (a) what previous year; (b) the project name; and (c) the last completed milestone. \*\* If you answered NO, please put N/A.**

In the 2021 grant cycle, WOHS approved for the purchase of one powered gurney. Laramie County will be submitting a reimbursement request for this purchase on 5/5/2022, we are currently on milestone #3 with completion of the grant and all milestones coming by end of fiscal year.

**11. Is this project part of a multi-year strategy? If YES, please explain. Otherwise, put NO.**

No

**12. Did you or your jurisdiction participate in the THIRA?**

☒ YES

☐ NO

**13. Does this project address gaps identified in the THIRA/SPR?**

☒ YES

☐ NO

**14. If YES to #13, explain how this project ties into your THIRA/SPR and how it addresses the gap. If NO, explain what other assessments, exercises or real world events identified the gap being addressed.**

*(For example: cyber/physical security assessment)*

Our request addresses the Laramie County THIRA, with examination of the fatality management services capability. The THIRA confirmed our known gap in this area within response and recovery efforts. The power gurneys and respirators would facilitate an efficient process for transporting bodies from the field to the morgue. This would be especially important during a mass casualty event. Our THIRA identified body recovery and mortuary services as a gap, due to limited capabilities to quickly transport and process large numbers of deceased individuals. With the increased uncertainty and large volumes of individuals having COVID-19 upon their death as well as other infectious diseases, it is has become increasingly important to ensure our coroner and investigators are properly protected. PAPR systems will be critical to ensuring that our team can adequately respond to all deaths within the community.

**15. All projects under this grant must have a nexus to terrorism. Please describe how your project relates to acts of**

**terrorism.**

The proposed project will increase our office's ability and capacity to remove and transport bodies and remains from the scene to the morgue. This ability is particularly useful in terrorist or CBRNE events where the potential for a large number of deceased may exist. The response and removal of bodies will be precise and efficient with the requested equipment, allowing for expedited cleanup and investigation of scene. The respirators are essential to protecting staff in both natural and manmade disasters that can cause death. All equipment would be purchased following NIOSH guidelines and certifications. Appropriate breathing apparatus is important to responding to acts of terrorism, while maintaining the safety of responders.

**16. Provide justification on how the project will be maintained, supported, and sustained.**

If our request is funded, The Laramie County Coroner's Office will assume all responsibility for the maintenance of the equipment to keep it operational and ready for use internally and externally by MOU partners. The requested equipment will be sustained by Laramie County for future operations. Our request would assist Laramie County and the state in fatality management.

**Milestones**

Submit a minimum of four (4) milestones for all projects. Milestones should represent a logical progression of the project to allow for realistic monitoring and management of grant funding. This attribute will function as a tool for measuring project progress in future reporting periods. Provide a high level narrative description of activities to occur within each milestone including anticipated milestone dates/timeframes.

---

**23. First Milestone/Key Activity. Include your projected Start and End Dates.**

*Example: December 15, 2022 to December 15, 2023.*

A grant award is expected to occur in October 2022. We will establish a budget and accounting line items to prepare for the funding. Upon award, the County will follow its policies for procurement.

**24. Second Milestone/Key Activity. Include your projected Start and End Dates.**

*Example: December 15, 2022 to December 15, 2023.*

It is estimated that contracting and purchasing will take place in November 2022-January 2023.

**25. Third Milestone/Key Activity. Include your projected Start and End Dates.**

Example: December 15, 2022 to December 15, 2023.

We anticipate receiving equipment between February-April 2023 and working to implement and incorporate all requested equipment into our department.

**26. Fourth Milestone/Key Activity. Include your projected Start and End Dates.**

Example: December 15, 2022 to December 15, 2023.

Our final milestone will be to close out and finalize all grant items for the grant from the Wyoming Office of Homeland Security. We anticipate being complete with all activities by June 2023.

**Additional Information****27. Provide any additional information about the project you would like us to consider.**

You may upload a document if you need more space.

Thank you for your consideration.

<b>Total</b>	<b>USD\$ 96,368.00</b>	<b>USD\$ 96,368.00</b>

**Budget Narrative**

For the powered gurneys, we are requesting \$76,000 total or \$38,000 each. This is based off a current expenditure of an identical powered gurney. For the belt mounted hood PAPR respirators we would need approximately \$2,546 per hood for a total of \$20,368 for the eight belt-mounted hoods. The individual unit prices are depend upon sizes. For the purpose of this application, we went with the highest amount for our calculations.

All requested budget items will be under the equipment category for a total of \$96,368.00.

**01AR-03-PAPA Respirator, Powered, Air-Purifying (PAPR), CBRN**

**Description:** CBRN Powered Air-Purifying Respirator (PAPR) (certified by NIOSH as compliant with CBRN approval criteria). Worn with multiple ensemble configurations.

**Applicable Grant Programs:** Amtrak , LETPA-SHSP , LETPA-UASI , MMRS , OPSG , PSGP , SHSP , THSGP , TSGP , UASI

**Grant Notes:** The NIOSH Standard for Chemical, Biological, Radiological, and Nuclear (CBRN) Powered Air-Purifying Respirator was completed in October 2006. Following an appropriate amount of time for testing, FEMA anticipates limiting allowable equipment under this item to those products certified by NIOSH as compliant with the CBRN PAPR Statement of Standard.

Grantees who choose to procure such equipment prior to availability of products approved to the CBRN Statement of Standard should consider including provisions within their equipment procurement contracts whereby vendors/manufacturers must retrofit or replace equipment that fails to meet requirements of the CBRN standard. Furthermore, grantees should be aware that no additional FEMA money will be forthcoming to replace non-approved equipment purchase subsequent to the effective date of the CBRN PAPR Standard.

**Applicable Core Capabilities:** Environmental Response/Health and Safety , Interdiction and Disruption , Mass Search and Rescue Operations , On-scene Security and Protection , Public and Private Services and Resources , Screening , Search , and Detection

*Note: Any products on the RKB that meet the mandatory requirements for this AEL item will be listed in the Knowledge Links at right as "Certified Products in RKB." However, this is not an exhaustive list. Products that meet the certification requirements and restrictions stated below are allowable whether they have been listed on the RKB or not. Please direct questions on allowability to the appropriate state office or to the SLGCP help line at 800-368-6498.*
