**SUMMARY OF QUALIFICATIONS**

Motivated food and chemical industry executive with strong technical and financial competency, international management experience, and a demonstrated ability to build and grow a business organically and through targeted bolt-ons in a Specialty Food Product space. Strong business and financial acumen, strategic thinking, and an entrepreneurial spirit inclined towards action and results. Excellence and experience in dealing at top levels of major multi-national companies. Focus on creating high performing teams and developing talent. Beyond commercial results, demonstrated success across the business enterprise in areas such as operational excellence, team building and organizational strategy with venture capital, acquisition and divestiture expertise.

CAREER HISTORY**Melvin Brewing****3 Years to Present**

President / CEO

Managed Melvin Brewing through the pandemic. Build structure and organization around the successful brand with ultimate goal of a potential merger, partnership, JV or divestiture to a group that fully values the Melvin brand as well as understanding the culture that it was built around. Completed a successful 8 figure exit to another Wyoming beer brand.

DyStar Consumer Products**4 Years**

Business / Sales Director, Consumer Products North America

After acquisition by DyStar Global Corporation, led sales, marketing, and business development across new \$62 MM Consumer Products Food Defoamer and Dyes and Colors North America division of the DyStar Global Corporation. Implemented a variety of initiatives:

- Revamped organization resources and deployment/utilization across North America
- Successful combination of 2 product groups with combination of commercial teams and processes
- Developed and implemented 5-year strategic plans across each target industry

Emerald Performance Materials / Sun Capital Partners / American Securities
President Foam Control / Strategic Global Business Director

11 Years

Part of senior management team that built and guided the \$250 MM company through 2 venture capital acquisitions and eventually a Wall Street based divestiture to a \$1 BB+ Chinese specialty chemical company. Charged with the global business strategy for growing the Cheyenne based Food Foam Control specialty chemicals division.

- Full P&L responsibility for the \$20 MM business division inclusive of Operations, Sales, Marketing, Quality, Finance / Accounting and Product Development.
- Managed global business operations supplying specialty products to 94+ countries from the specialty Cheyenne based manufacturing site.
- Designed approach to business development and innovation accelerating penetration into new market segments/customers and providing avenues to accelerate revenue growth.
- Developed and headed Global Strategic Account group including creating a focused development program highlighted by multiple successful global contract negotiations.
- Managed revenue while optimizing the product mix to deliver double digit margin improvement.

Lubrizol Foam Control

4 Years

General Manager, Food Foam Division

Part of the senior management team that built a defoamer chemistry platform / division under the Lubrizol \$1.2 BB global specialty chemical company. Completed 3 separate acquisitions of bolt on defoamer companies while preparing division under a separate P&L for successful divestiture into venture capital ownership.

- Managed relocation of manufacturing of the product lines as well as completing commercial synergies associated with each acquisition.
- Managed all global commercial and manufacturing activities of the Food Foam business with \$60 MM in revenues and shipping to over 90 countries.
- Restructured the commercial team by upgrading talent, implementing customer segmentation, and modifying roles to drive topline growth faster through delivery of customer-focused value propositions and successful new product introductions.
- Directly managed strategic global multi-national food customers including negotiation of business contracts.
- Provided strategic analysis to align the pricing, development, and resourcing activities of the business unit to optimize operating profit.

BetzDearborn Corporation

15 Years

Vice President of Global Strategic Accounts - Food Industry

Progressed from Technical Sales Representative to VP position of this \$1.0 BB+ global water treatment company. Position responsibilities throughout the Mid-West US resulted in broad Food Industry experience and personal

contacts. Charged with developing the Corporate Strategic Food Account global team within the corporate structure. Successfully accomplished:

- Development and managed a 5-person global strategic team with full integration into all levels of the Sales and Commercial teams.
- Concentration in the grain, beverage, and specialty food spaces. Included Executive responsibilities at large global multi-national companies like ADM, Cargill, Anheuser-Busch, Miller Brewing, Coca-Cola, PepsiCo and Nestle.
- Expanded BetzDearborn presence in the commodity and specialty food industry globally to a \$56 MM platform.
- Initiated and developed BetzDearborn's leading position in the newly emerging corn to ethanol fuel industry. Included leadership position on the board of directors for the RFA – Renewable Fuels Association as well as leading position on the Technical Committee.

Education & Boards

- ❖ BS Chemical Engineering, Auburn University, Auburn, AL.
- ❖ MBA work at the University of Houston, Clear Lake, TX.
- ❖ MBAA (Master Brewers Association of Americas) - Industry Committee member
- ❖ DITA (Defoamer Trade Association) – President
- ❖ RFA (Renewable Fuels Association) – Board and Technical Committee member
- ❖ ETA (Enzyme Technical Committee) – Executive Board member
- ❖ Auburn University Chemical Engineering Alumni Board of Directors - President
- ❖ Auburn University Engineering Deans Alumni Council and Advisory Committee
- ❖ Auburn University Outstanding Engineering Alumni Award

Cheyenne Community Involvement

- ❖ Library Foundation Board – Board Position / Financial, Vision and Development Committees member
- ❖ Western Vista Board Member – Board Position
- ❖ Cheyenne Chamber of Commerce – Board Position/Selection Committee for current President/CEO
- ❖ LEADS – economic development board member
- ❖ CRMC Foundation Board – 4-year Board Position
- ❖ Symphony Board – Board Position and Selection Committee for hiring current Maestro / Conductor

TO: Laramie County Commissioner's Office

Re: Board of Trustees, Cheyenne Regional Medical Center

Date: January 22, 2024

Thank you for considering my application to the Board of Trustees for Cheyenne Regional Medical Center.

I began my career nursing at United Medical Center in the 90s, with firsthand observation of the wide scale organization improvements in the transition to Cheyenne Regional Medical Center. Changes to the design of trauma and emergency medicine were proudly implemented to meet the needs of our growing community as well as improved acute, primary and specialty care for all ages.

Through the years the face of healthcare has continued to change and challenge every aspect from those seeking care all the way through to those managing the care provided, not only at the bedside but administratively. As a nurse and now a nurse practitioner, I have been keenly aware and involved in witnessing these changes and challenges. With our aging population, we not only have obstacles with providers aging and retiring but we have the difficult task of replacing nurses that are leaving the bedside at an alarming rate. The COVID pandemic has led to high rates of burnout on all levels of medical providers and administration. This is a crisis of universal concern and health care.

My background in nursing coupled with my experiences as a family and acute care nurse practitioner give me unique insight for recruitment, staffing and retention of nurses at Cheyenne Regional Medical Center. I feel it would be beneficial to have strong nursing presence and perspective on the Board of Trustees to offer contemporary views and creative options to manage the nursing shortage. In addition to my degrees as a family nurse practitioner and adult gerontology acute care nurse practitioner I hold post master's degree in nursing education which provides a dimension into nursing that may be an asset to the Board of Trustees.

Cheyenne has been home for 32 years to myself and my husband of 40+ years, as well as my aging mother-in-law, sister and extended family. We raised our three children in this community and feel very connected. This community is tight knit, yet the population continues to grow and prosper. I deeply care about this community and the people that entrust their medical care to Cheyenne Regional Medical Center, Cheyenne Medical Group and all extensions of this proud medical community. I would like to be more involved with the changes, challenges advancements and growth that we must face now and, in the future, and represent not only the community but the dedicated nurses that care for our community so intimately on a daily basis.

Thank you for your time!

Full Term: or Unexpired Term: Expiration Date:

Comments:

To the County Commissioners-

I am writing to express my continued interest in serving on the Cheyenne Regional Medical Center Board of Trustees. CRMC has provided me with my professional home for over 25 years and I have a vested interest in continuing to see it thrive and excell

Having recently retired from my role as Chief Medical Officer and Executive Vice-President, I have a unique and valuable perspective on the inner workings of the hospital and have the utmost respect for all the organization's staff who have dedicated their lives to serving our community. I believe the work done at the hospital is still under-appreciated and that the institution deserves incredible accolades as an independent community hospital that continually provides exceptional service to the the city, county, and state. I would like to continue to advocate for the hospital's reputation and staff by promoting it throughout both Laramie County and the state of Wyoming and believe that serving on the Board would afford me that opportunity.

Before retiring, I practiced as a physician in Cheyenne for 27 years and adamantly believe that the strength of the hospital and its services leads to a stronger, healthier community. I am uniquely positioned to provide the board with the insight of an independent physician and the perspective of an ex-executive, which I believe will be an asset in making decisions to help further the hospital's advancement and success.

I have extensive experience in starting and running a business (Cheyenne Women's Clinic, PC) and understand what is required to succeed in medicine, both financially and by reputation. While serving as the CMO, I became very familiar with operational and capital budgets and believe it will take strong support and guidance to successfully operate a hospital in our current economic environment. These professional experiences afford me an extensive understanding of how to make difficult and responsible decisions that will ensure the hospital's continued fiscal stability.

If given the opportunity to join the Board, I would like to leverage that knowledge to help the hospital continue to achieve high levels of quality and advocate for the reputation of our outstanding institution. I believe in the current climate, CRMC needs to be the absolute best at what it does and have a purpose driving everything that it hopes to achieve. I think the Board and leadership need to critically evaluate what services are offered and work to ensure that every service is offered with unsurpassed care while providing seamless and expedient access to patients. I believe there are many risks to CRMC's current success and having participated both in the community and in the hospital's leadership directly, I have a perspective which would provide value to the Board of Trustees in helping shape the long-term direction of Cheyenne Regional Medical Center.

Finally, I have successfully practiced as an obstetrician in this community, arriving in Cheyenne with the military and choosing to stay for my entire career. The hospital was instrumental in my success as a physician, thanks to the exceptional services and care it provides. I would very much like to join the Board and give back to the hospital and to the community, both of which I am immensely proud of. I believe I have a lot to give in terms of experience and leadership and would like to put that to work in helping Cheyenne Regional Medical Center and its fantastic staff achieve the excellence and quality it merits while providing a long-term vision to ensure the stability and success of the institution.

Thank you for your consideration!

Respectfully,

Jeff Storey

Application for CRMC Board

Paula Poythress

Serving our community of Cheyenne is something I have done since I moved here from Kansas City in 2015. I have served 7 years on the Greater Cheyenne Chamber of Commerce and was the 2023 Board Chair. I have been on the Wyoming Realtor Association Board as Affiliate Chair for 4 years, and prior to that I served for 3 years on the Cheyenne Board of Realtors as Affiliate Chair as well as served 6 years on the Cheyenne Board Realtor Family Fund. Lastly, I have served on the Property Committee for Cheyenne LEADs for 2 years.

I feel that my service on these various Boards has prepared me for becoming a Board member for Cheyenne Regional Medical Center. It is my understanding that the Board works to define strategic goals for the hospital, monitor financial performance, and ensure that it is providing proper patient care. I am looking forward to being an advocate for the hospital as I learn more.

My professional life includes managing the Southeast corner of Wyoming for First American Title with 26 employees. I have an amazing staff that allow me to serve our community and I look forward to being a part of the CRMC Board.

Thank you!
