Section 3. Program Data to Support Request

The CST Program will provide July 1, 2019-December 31, 2019 recidivism, retention, and average number of participant data to the Funding Panel.

OPTIONAL: Use the following space to share any important information/circumstances regarding monthly average participant numbers, retention, and recidivism rates:

In years past, I have tried to highlight data that I think the Funding Panel would find useful in making funding determinations. However, since July 1, 2019, all Wyoming Treatment Court programs are required to use a new case management system generally referred to as the 5-Point system. This new CMS system does not allow me, as the local program coordinator, the ability to test performance measurement data points to ensure that the Laramie County Drug Court program is meeting the goals and expectations required of the Drug Court program through State Statute, Rules and Regulations, or contract mandates. Please keep that in mind as you review recidivism, retention, and average number of participant data points.

On another note, the change in the Laramie County District Attorney's office has been felt by the Drug Court program. At this time last year, the Laramie County Drug Court program had eleven participants. Currently, we have twenty-two participants and ten referrals. We have a very active and engaged prosecutor in the program and he is very supportive of all of the treatment court programs in Laramie County.

Section 4. Funding Sources, Practices, Fiscal Agent

Program Funding and Fees

- •
- 2. Will the program apply for other federal funds in FY21? \square Yes \square No
- 3. **Does the program intend to request funding to aid in CARF accreditation?** ⊠Yes □ No *If the program's treatment provider receives other funds from the Division, the program is not eligible to receive CARF funding.*
- 4. If the program will receive other supplemental funds (gifts, contributions, donations, or grants) outside of the state grant and city/county match funds, list the funding source(s) and dollar amount(s) here:

The Drug Court program does not anticipate receiving any additional funds outside of State, County, and participant fees for the upcoming FY.

5. How much will program participants pay in CST Program fees (designate if per phase, per year, per month, other)?

All program participants are required to pay a participation fee of \$750.00. All fees have to be paid-in-full in order to graduate.

6. What other expenses will participants be responsible for throughout the program (SCRAM bracelets, drug testing, other)?

Participants may be required to pay for specialized urinalysis testing, such as for Spice or EtG if they test positive for those substances. Any participant that has been determined to be in need of residential treatment will be required to make payment to the residential treatment program they attend.

7. If participants are required to pay CST-related expenses directly to any organization holding a contract or MOU with the program (treatment providers, drug testing services, etc.) how are those payments tracked and reported back to the program?

The Drug Court contracts with the Drug Testing Center of Cheyenne to provide additional drug testing and community supervision of program participants. Participants that are required to pay for their own drug testing are referred to this entity. The program coordinator communicates with the staff at the Drug Testing Center concerning costs and fees incurred by participants in regards to testing and the program requires those debts be paid in full before a participant is eligible to graduate.

| 8. | Is the program's fiscal/fiduciary agent on the program's governing body or | | | |
|----|--|------|--|--|
| | □Yes | ⊠ No | | |

If the fiscal/fiduciary agent is not on the governing body or board, email a signed copy of the resolution appointing the fiscal/fiduciary agent to cstprogram@wyo.gov for record keeping purposes.

9. Upon application submission, please submit the letters from the agency or agencies that committed in-kind contributions and local match funds for the upcoming year of FY21. These documents should be scanned and submitted as one document.

Section 5. Projected Budget and Justification (Attachment A)

Fill out the Budget and Budget Justification Attachment A and submit with this application. (The Budget tab and Budget Justification tab are both on same document.) Match funds must be at

least 25% of your state funds request. Federal grants and any other state funds <u>cannot</u> be counted in your match funds.

Section 6. Magistrates

1. Pursuant to W.S. 7-13-1606(d), "The application shall identify participating judges and contain a plan for the participation of judges. The plan shall be consistent with rules adopted by the department and the Supreme Court." Use the following space to provide the plan for the participation of all judges/magistrates in the program:

The Laramie County Drug Court Team plans the following involvement for Judges and Magistrates:

The Drug Court Judge will be a member of the clients Staffing Team. As such, the Judge will take part in all necessary Drug Court training. The Judge will preside over the actual Drug Court sessions and impose sanctions or grant incentives as necessary. The determination of a client's progress or lack thereof within the program shall be determined at staffing by the program team, which includes the participating judge.

Should a client be terminated from the program or incarcerated for a sanction, the participating judge will provide notice to the client and give the client an opportunity to be heard. The participating judge will NOT act on any motion to revoke a client's probation for failing to complete the Drug Court Program. The magistrate will assume the role of "participating judge" when the regular judge is unavailable. Both the participating judge and magistrate will adhere to all rules and regulations adopted by the Wyoming Department of Health and the Wyoming Supreme Court and all other professional rules of conduct as required.

2. To aid the Supreme Court in compiling data to build their projected CST magistrate budgets, what is the average number of hours per week that a magistrate is utilized in the program?

The Drug Court does not anticipate using a Magistrate for the upcoming FY.

Section 7. Risks/Needs Assessment Practices

1. What participant risks/needs screening and assessment processes does the program currently use? Explain the process and list all tools used.

This past year Laramie County received a federal Bureau of Justice Assistance (BJA) grant to fund certain projects for the Laramie County Veterans Treatment Court program. One of the projects that was funded was the purchase of the COMPAS program. I was able to negotiate with the developers of the COMPAS to allow all three Laramie County Treatment programs to use the COMPAS at screening, which is planned to take place before sentencing. This would put the program in compliance with what is consider a best practice strategy for Adult Drug Court programs.

Unfortunately, this step will be repeated for the participant. The data collected through the screening process is not transferable to DOC and all participants will receive a second COMPAS assessment by our Drug Court Probation Agent. The assessment is then updated every six months by the Agent.

2. What is the job title of the individual(s) conducting the screening of participants?

Kurt Zunker McKensie Walter

Use the following space to explain if the program opts to serve individuals with risk/need levels different than the best practice population and summarize this policy including if and how the groups are separated.

We only plan to admit high risk and high need individuals into the program.

Section 8. Substance Use Treatment Services, Practices, Certifications

- 1. Will the program hire in-house treatment providers? ☐ Yes ☐ No
- 2. Will the program contract for treatment? ⊠Yes □ No If yes, provide the name of the provider here:

3. What is the expiration date of the in-house program or contracted treatment provider's STATE CERTIFICATION?

- **4.** What is the expiration date of the treatment provider's NATIONAL ACCREDITATION? Foundations CARF accreditation expires on January 31, 2020, but they are scheduled for their site visit re-certification on January 27th through January 28, 2020.
- 5. What location(s) are participants seen for services?

Most of the treatment services will take place at Foundations. However, participants that are enrolled in MAT will receive their medical care, screenings, injections, or other medications at Health Works, which is located at

Does the program have a contract (or MOU) for mental health services? ☐ Yes ☒ No a. Does the program refer participants to local Community Mental Health Center(s)? ⊠Yes □ No Foundations will provide all substance abuse and mental health counseling. Mental health medication needs and management is generally referred to Healthworks. However, on occasion referrals are made to Peak Wellness. b. Use the following space to provide the name or names of the mental health treatment providers used by the program. **Peak Wellness** 2526 Seymour Ave Cheyenne, WY 82001 If you intend to use state funds to pay for mental health services, providers must be CARF accredited. N/A

7. Does the mental health provider keep the program team fully informed of all matters relevant to the treatment and program progress of all participants? ⊠Yes □ No

How is this information communicated?

Participants that are referred to Healthworks, or Peak Wellness, will work with Brittany Sullivan who is a case manager at Foundations. She is the primary contact for the services and participates in our Drug Court staffing's.

Section 10. Training Summary

Section 11. Recidivism, Retention, Sobriety

Court Supervised Treatment Programs contribute to the goals of reducing crime/reducing recidivism, retaining individuals for the full duration of the program, and increasing durations of sobriety prior to graduating a program. Goals for each of the three target areas are set in annual contracts and in site visit reports, and the goals are based on the functionality of existing programs and averages reported in national or regional studies.

1. What method(s) does your program utilize to track recidivism?

The program tracks recidivism in two manners. The Court Coordinator tracks all arrest data on program participants and/or graduates on matters that are brought before the Laramie County Circuit Court and Cheyenne Municipal Court. The other mechanism for tracking recidivism is the Coordinator completes a yearly recidivism study using the WyCJIS system.

2. What does your program do to retain participants in the program?

The program does not terminate participants unless they (1) abscond from the program, (2) commit a new felony offense, (3), fail at all available treatment resources, (4) continued use of a banned

substance that is designed to thwart drug testing, or (5) threaten violence, or commit an act of violence towards program staff or other participants. The reality remains that approximately 50% of participants that are terminated from the program are terminated because they have absconded.

Section 12. Community Outreach

Discuss community outreach activities completed by the program in FY20 to date:

All program participants that reach level 4 are required to complete a community payback project. Projects that have been completed thus far include fundraising for STRIDE, volunteering for events to support Grace for Two Brothers, and Recover Wyoming.
