

LARAMIE COUNTY PLANNING & DEVELOPMENT DEPARTMENT

Planning • Building

MEMORANDUM

TO: Laramie County Planning Commission

FROM: Marissa Pomerleau, Planning Technician

DATE: October 22nd, 2020

TITLE: PUBLIC HEARING regarding a Subdivision Permit & Plat for Dan-Ali Heights for a portion of the N1/2 SW1/4, Sec. 9, T.14N., R.65W., of the 6th P.M., Laramie County, WY.

EXECUTIVE SUMMARY

Monument Home Builders, Inc., on behalf of EJE Enterprises, LLC, has submitted Zone Change and Subdivision Permit & Plat applications for Dan-Ali Heights consisting of 5 tracts located northeast of the intersection of E Four Mile Rd and Westedt Rd. The applications have been submitted to request a zone change from A2 to AR, and to replat the property into five residential-use tracts.

Both applications have been combined into one staff report for ease of presentation and discussion, with separate motions required on the two actions.

BACKGROUND

The property is currently assessed as Residential Vacant Land. The surrounding area consists of rural residential and agricultural properties of varying acreage.

Pertinent Regulations

Section 1-2-103(b) of the Laramie County Land Use Regulations governing the criteria for a zone map amendment.

Section 4-2-100 of the Laramie County Land Use Regulations governing the AR – Agricultural Residential Zone District.

Section 2-1-101 (a-e) of the Laramie County Land Use Regulations governing the criteria for a subdivision permit and plat.

DISCUSSION

The Laramie County Comprehensive Plan identifies the majority of this property as Rural Metro (RM). Within this area, properties typically are developed as small lots ranging from 2.5 – 5 acres with small or shared water and septic and sewer systems.

PlanCheyenne contemplates Rural Residential (RR) uses for this area. This category provides an easy and consistent transition from the city to the more rural areas of the county. The primary uses in this designation are single family residences on larger tracts with agricultural uses such as horses and the like being encouraged.

The subject property is bordered by A2 zoned properties with uses ranging from single and multi-family residential to agricultural. A change in zone for this property would allow for a minimum of 5.25-acre tracts.

Section 1-2-103 (b) of the Laramie County Land Use Regulations specifies that in order to recommend approval of this zone change, the Planning Commission must find at least one of the following:

- i. That the zoning district map amendments or regulations are consistent with plans and policies of Laramie County; or
- ii. That the original zoning classification given to the property was inappropriate or improper; or
- iii. That there have been changes of an economic, physical or social nature within the area involved which altered the basic character of such area, and that the amendment will not detrimentally affect the area involved.

Criteria i. is met by conformance with the Laramie County Comprehensive Plan and PlanCheyenne with the type of development.

A letter requesting waiver of traffic and drainage studies was submitted by the applicant, a copy of which is attached. The County Engineer has concurred with this request based on the letter and review. Agency review comments were received regarding corrections to the zone change and plat maps. Revised zone change and plat maps were submitted to County Planning on October 8th, 2020 and are currently under review.

Public notice was provided per Section 1-2-104 of the Land Use Regulations. No public comment was received.

Staff finds the applications are consistent with the plans and policies of Laramie County.

RECOMMENDATION and FINDINGS

Based on evidence provided for the *zone change* request, staff recommends the Planning Commission find that:

- a. This application meets the criteria for a zone map amendment pursuant to section 1-2-103 (b) of the Laramie County Land Use Regulations.
- b. The proposed change in zone district is in conformance with the requirements of section 4-2-100 of the Laramie County Land Use Regulations.

and that the Planning Commission recommend approval of a Zone Change from A2 to AR for a portion of the N1/2 SW1/4, Sec. 9, T.14N., R.65W., of the 6th P.M., to the Laramie County Board of Commissioners with the following condition:

1. All agency comments regarding corrections to the Zone Change Map shall be addressed prior to recordation.

Based on evidence provided for the *subdivision permit & plat*, staff recommends the Planning Commission find that:

- a. This application meets the criteria for a subdivision permit and plat pursuant to section 2-1-101 (a-e) of the Laramie County Land Use Regulations.

and that the Planning Commission recommend approval of the Subdivision Permit and Plat for Dan-Ali Heights to the Laramie County Board of Commissioners with the following condition:

1. Review comments regarding clerical corrections to the plat shall be addressed prior to recordation of the plat.

PROPOSED MOTION – ZONE CHANGE

I move to recommend approval of the Zone Change from A2 to AR for a portion of the N1/2 SW1/4, Section 9, T.14N., R.67W., of the 6th P.M., Laramie County, WY, to the Laramie County Board of Commissioners with one condition, and adopt the findings of facts a and b for the *zone change*, as shown in the staff report.

PROPOSED MOTION – SUBDIVISION PERMIT & PLAT

I move to recommend approval of the Subdivision Permit and Plat for Dan-Ali Heights to the Laramie County Board of Commissioners with one condition, and adopt the findings of fact a for the *subdivision permit & plat*, as shown in the staff report.

Cheyenne, WY 82009

To Whom It May Concern:

We are requesting a waiver for the following items:

1. Drainage Study
2. Traffic Study
3. Environmental Impact Study

Project Narrative

We are subdividing 29.5 acres into 5 – 6+/- acre residential home sites behind 8235 Westedt Road. With this replat we will also need to rezone the tract from A-2 to AR to allow for the smaller residential Tracts.

If you have any questions or concerns regarding this matter, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Cotton D. Jones'.

Cotton D. Jones, P.L.S.

Building Dept.: Building Dept., Antony Pomerleau Comments Attached 07/30/2020
Advise that in accordance with LCLUR and the 2018 IFC Appendix D road width shall be minimum of 26' wide due to overall length of dead end road is exceeding 750' of developed length.

Fire apparatus access road shall be in accordance with all applicable sections of 2018 IFC chapter 5.

Advise building permits shall be required for building construction.

Advise that Laramie County has adopted the 2018 I-codes and the 2017 NEC.

County Assessor: County Assessor, Kaycee Eisele Comments Attached 07/30/2020
The project name refers to this plat as "Dan Aly Heights" and both the dedication and certificate of surveyor say that as well, however, the title block says "Westedt Estates". Need clarification.

County Real Estate Office: County Real Estate Office, Laura Pate Comments Attached 08/06/2020
There is NOT an ERNSTE subdivision. Please take this out of the title block. this subdivision was never recorded.
Just use T-R-S in the title block. Whys is the project name different from the subdivision name?

County Engineer: County Engineer, Scott Larson Comments Attached 08/05/2020
Engineer Review

1. I concur with the request for a waiver of a detailed Drainage Study and Traffic Study given the proposed development will have a negligible impact on both.
2. The title block on the plat drawing indicates "Westedt Estates" but the application and several other places on the plat indicates it is "Dan-Aly Heights" (i.e., the Dedication, Certificate of Surveyor, etc.). Also, on the application is refers to "Dan-Ali Heights" and the plat drawing it is "Dan-Aly Heights". The name of the subdivision needs to be consistent on all documents.
3. The Vicinity Map is missing any information other than the site itself. More information is needed to determine the actual location in relationship with other features (i.e., roadways, section lines, etc.).
4. The plat shows an existing 30' Access & Utility Easement to the west of this site and a proposed 30' Private Access Easement. The County Regulations require that the roadway be designed and constructed according to the Land Use Regulations which requires a minimum 30' roadway surface (i.e., two 11' travel lanes and two 3' shoulders)

along with ditches for drainage. If there needs to be drainage ditches on either side of the roadway, or both sides, there may need to be drainage easements established since the roadway surface will take up the entire 30' easement. Construction plans for the roadway will need to be provided to the County for review and approval. The plans need to include the entire roadway from Westedt Road to the cul-de-sac. The design and construction of the roadway shall be the Laramie County Land Use Regulations.

5. No curve data is shown for the cul-de-sac.

Surveyor Review

1. The state plane coordinates for the C1/4 of Section 9 are very small and difficult to read, especially when compared to the coordinates for the W1/4 of Section 9.
2. The bearings and distances shown on the north and south boundary of Parcel B of ERNSTE SUBDIVISION are very small and difficult to read. Are the bearings of the north boundary and south boundary of DAN-ALY HEIGHTS supposed to be the same as the north boundary and south boundary, respectively, of ERNSTE SUBDIVISION (east-west extensions of boundaries) or is there a bend in those lines?
3. WESTEDT ROAD label is confusing. Is WESTEDT ROAD just the part of the easement falling west of the apparent center line? Is WESTEDT ROAD just 40' wide or is it 80' wide? Is all of WESTEDT ROAD just a PRIVATE ROAD NOT DEDICATED?
4. The square foot area of TRACT 5 is missing a comma, not congruent with the other TRACT labels.
5. There is either a misprint or some missing information just below the "S1/2 N1/2 SW1/4" label located just below the drawing on the plat.

County Public Works Department: County Public Works Department, David Bumann
Comments Attached 08/06/2020

The developer will have to demonstrate building the access road to County standards in what appears to be a 30' wide roadway easement

Environmental Health: Environmental Health Department, Roy Kroeger
Comments Attached 08/07/2020

Regulations:

LARAMIE COUNTY SMALL WASTEWATER SYSTEMS REGULATIONS

Comments:

WASTEWATER PERMITS ARE REQUIRED FOR EACH LOT. ALL SMALL WASTEWATER SYSTEMS MUST HAVE A 50' SETBACK FROM ALL PROPERTY LINES AND DRAINAGE EASEMENTS. A SIGNED FINAL PLAT SHALL BE SUBMITTED TO THIS OFFICE PRIOR TO APPLICATION FOR ANY PERMITS

Intraoffice: Planners, Marissa Pomerleau Comments Attached 08/07/2020

1. A zone change is required for this subdivision as the A2 zone district's minimum lot size is 20 acres.
2. Clarification on Subdivision name and spelling is needed as the plat and application state both a different name and spelling.
3. Engineered drawings of the proposed road are required to be submitted and shown on the Plat to ensure that it will fit in a 30' easement.
4. The Vicinity Map must be updated to show property location.
5. Please remove all language referring to "Ernst Subdivision".
6. The property is located within the jurisdiction of Fire District #2, not #6.
7. Please complete the legal descriptions of each surrounding property.

Intraoffice: Planners, Cambia McCollom Comments Attached 07/29/2020

Confusing naming references on the plat. Is the intended name "Dan-Ali Heights" or "Westedt Estates"? It was previously established as Ernst Subdivision.

If this is approved, does it legalize the naming of an easement and extend that naming to the portion not included in this subdivision (from Westedt Road to the Western boundary of the subdivision?) Or would it be better for this easement to remain un-named and address the potential new structures off of Westedt Rd? The area is small and confined, as well as the address range having some leeway in this area.

The name "Dan-Aly Way" may need to be reconsidered. Unique, distinguishable, and clear names are needed. The system already has:

Daniel

Danielle

Dannie

Alyssa Way

Intraoffice: Planners, Marissa Pomerleau Comments Attached 10/02/2020

1. Is the name Dan-Ali Heights or Dan-Aly Heights? It is spelt differently on the Zone Change application than it is on the Subdivision application.
2. Road design on map may need to be updated to match plat per County Engineer and Public Works comments on the Subdivision Permit & Plat review.

Dear Ms. Pomerleau,

The staff of the Wyoming Game and Fish Department (Department) has reviewed the proposed Dan-Ali Heights Zone Change located in Laramie County. The zone would change from A2 to AR, and the property would be re-platted into five tracts. Other single family housing subdivisions are common in the surrounding area.

We have no concerns regarding the proposed zoning change.

Thank you for the opportunity to comment. If you have any questions or concerns please contact Anika Mahoney, Habitat Protection Biologist, at 307-335-2623.

Sincerely,

Amanda Losch
Habitat Protection Supervisor

RESOLUTION NO. _____

**A RESOLUTION TO APPROVE A CHANGE IN ZONE DISTRICT
FROM A2 – AGRICULTURAL TO AR – AGRICULTURAL RESIDENTIAL
FOR A PORTION OF THE N1/2 SW1/4, SECTION 9, T.14N., R.65W.,
OF THE 6TH P.M., LARAMIE COUNTY, WY.**

WHEREAS, Wyoming State Statutes §18-5-201 to 18-5-208; §18-5-301 to 18-5-315 authorize Laramie County, in promoting the public health, safety, morals and general welfare of the county, to regulate the use of land through zoning in unincorporated Laramie County; and

WHEREAS, the Laramie County Board of Commissioners previously adopted the Laramie County Land Use Regulations; and

WHEREAS, the proposed zone change is in conformance with the requirements of section 1-2-103(b) of the Laramie County Land Use Regulations; and

WHEREAS, the proposed zone change is in conformance with the requirements of section 4-2-100 of the Laramie County Land Use Regulations.

NOW THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF LARAMIE COUNTY, WYOMING, as follows:

The Laramie County Board of Commissioners finds that:

- a.** This application meets the criteria for a zone map amendment pursuant to section 1-2-103 (b) of the Laramie County Land Use Regulations.
- b.** The proposed change in zone district is in conformance with the requirements of section 4-2-100 of the Laramie County Land Use Regulations.

And the Board approves a Zone Change from A2 – Agricultural to AR – Agricultural Residential for a portion of the N1/2 SW1/4, Sec. 9, T.14N., R.65W., of the 6th P.M., Laramie County, WY, with one condition as shown on the attached ‘Exhibit A’ – Zone Change Map.

- 1. All agency comments regarding corrections to the Zone Change Map shall be addressed prior to recordation
