AFA Project Lifesaver International Grant Criteria and Submission Directions

Grant Request: \$6,000

Deadline: Spring (June 25, 2021)

Deadline: Fall (November 19, 2021)

About the Project Lifesaver International Grant

The Project Lifesaver International Grant program, exclusive to AFA's Project Lifesaver International members in good standing, helps fund wandering prevention programs and other publicly safety initiatives designed to protect individuals living with dementia-related illnesses such as Alzheimer's disease. All public safety agencies that are members of AFA and Project Lifesaver International (PLI) are welcome to apply for grant funding. The amount to be requested is \$6,000. This grant is offered in the spring and the fall of each year.

What is AFA looking for in a PLI Grant proposal?

This grant is open to a variety of programming ideas and supportive services. AFA seeks proposals that exhibit high scores within the following criteria:

- **Clear and effective descriptions.** Proposals must clearly and effectively explain the program to be funded and its objectives. Pay attention to grammar, spelling, etc. Please be as detailed as possible.
- **High community demand.** Proposals need to clearly exhibit a high level of need for this program or service in the community, and show that it will serve a significant number of clients and achieve other outcomes.
- **Best practice.** Proposals should show how this program or service is a best practice that deserves to be expanded for people with Alzheimer's disease and related dementias, and/or their caregivers.

Who reviews the PLI Grant proposals?

Grant proposals are reviewed by AFA's staff.

How is scoring determined?

Each of the criteria above will be scored on a scale of 1-5, 1 being the lowest possible score and 5 being the highest possible score. Since there are 5 criteria, proposals can receive a maximum total score of 25 from each grant reviewer. Final scores are determined by averaging each grant reviewers' total score.

How to submit your completed grant?

MAIL TO: Alzheimer's Foundation of America Attn: Bi-Annual Grant Proposal External Relations Department 322 Eighth Ave, 16 th Floor New York, NY 10001	FAX TO: 646-638-1546	E-MAIL TO: Grants@alzfdn.org With header Spring PLI Grant or Fall PLI Grant
--	-----------------------------	--

Spring PLI Grant applications must be received by Friday, June 25, 2021 at the end of the day.

Fall PLI Grant applications must be received by Friday, November 19, 2021 at the end of day.

All grant applications must be typed. Handwritten grants will not be considered.

How will AFA Notify You?

If awarded, AFA will call your organization directly. If denied, AFA will mail a letter to your organization. Funding from AFA must be allocated within the 6-month period of receiving the grant.

Need assistance with the grant process?
Call AFA at 866-232-8484 or email: Grants@alzfdn.org

Project International Lifesaver Grant Application

ORGANIZATIONAL HISTORY AND BACKGROUND

Year organization was founded: 1867

Number of (organization wide) Employees: 421 Number of (organization wide) Volunteers: 15

Annual (organization wide) Budget: \$ 85,990,125.00 entire county

Organization's Mission: *Please attach Additional documents if needed.*

"The Laramie County Sheriff's Department in partnership with the community is dedicated to providing ethical and professional services that promote and protect the well-being, safety, and security of all people in the County; and to operating a safe constitutional jail system."

The Laramie County Sheriff's Department was first formed in 1867 and is located in the rural Southeast corner of the State of Wyoming. Positioned between I-80 and I-25 intersecting in Cheyenne, our Capital City. Our department had 23,809 calls for service in 2020 that spanned 2,688 square miles of rural county. +

Briefly describe your organization's services: *Please attach Additional documents if needed.*

The Laramie County Sheriff's Department was first formed in 1867 and is located in the rural Southeast corner of the State of Wyoming. Positioned between I-80 and I-25 intersecting in Cheyenne, our Capital City. Our department had 23,809 calls for service in 2020 that spanned 2,688 square miles of rural county. The department provides a wide array of services to our community to include community policing, detention, education and public services. We are aware of the ever-changing dynamics of law enforcement and we strive to serve our community, while carrying out our statutory requirements.

☐ New Program ☒ Continuing Program—Year Established 2010

1. Brief Overview of the program: *Please attach Additional documents if needed.*

The Laramie County Sheriff's Department is a law enforcement agency that serves and protects the community. With a broad scope of services, we offer a variety of public safety programs. One such program is Project Lifesaver that is operated in partnership with the City of Cheyenne Police Department and the Wyoming Mounted Association Search and Rescue Team. Project Lifesaver is considered a supplemental program or service that is offered to the public and is not standard or required within the budget. Our department feels that this program is a benefit to our community and we try to support

2. Objectives/Goals of Program: *Please attach Additional documents if needed.*

According to national statistics, 60% to 70% of all people with Alzheimer's will wander away from safety, which is six out of ten individuals. Our program is primarily comprised of individuals with Alzheimer's utilizing the technology of Project Lifesaver. The cost of the personalized transmitter is \$375 and includes replacement wristbands and batteries for one year (the transmitter is secure to avoid tampering or removal). Other expenses include the purchase of the monitoring equipment and the cost of repairs or replacement items. Our department utilizes volunteers to reduce cost assoc +

3. Statement of need for this program: *Please attach Additional documents if needed.*

With the changing population dynamics, Wyoming counties are experiencing an increase of the elderly population and a corresponding Alzheimer patient increase. Our local resources are being tasked with providing care and assistance for this population. Project Lifesaver was started by our county in 2010 and we have served up to fifty clients during this timeframe with fluctuations occurring

4. Brief description of how funds will be used: *Please attach Additional documents if needed.*

We are requesting funds to purchase equipment that will directly serve Alzheimer clients by providing them

5. Criteria used to determine client eligibility: *Please attach Additional documents if needed.*

Project Lifesaver does not limit participation based on any determining factor other than the individuals need for service. We provide service to any Laramie County community member regardless of age, race, nationality, gender or ability to pay.

6. Number of clients currently served by this program: 28

7. Number of additional clients served by this program if grant is awarded: 14-15

8. Locations currently served by this program and new locations served if grant is awarded.

CITY	COUNTY	STATE	CURRENT	FUTURE
Cheyenne	Laramie	Wyoming	Yes	Yes
Albin	Laramie	Wyoming	Yes	Yes
Burns	Laramie	Wyoming	Yes	Yes
Pine Bluffs	Laramie	Wyoming	Yes	Yes

9. Qualifications of the person(s) administering this program: *Please attach Additional documents if needed.*

The program is operated under the Laramie County Sheriff's Department in partnership with the Cheyenne Police Department. Sergeant Robert Gaskins, will be the lead contact for the Laramie County Sheriff's department and will work with Becky Juschka, at the City of Cheyenne Police Department.

Sandra Newland, is the Laramie County Grants Manager, and will assist the Sheriff's Department in the admin

10. How will you evaluate the effectiveness of this program?: *Please attach Additional documents if needed.*

Project Lifesaver is a program that is fluid within our community. Our population experiences normal fluctuations and we have been able to provide these services to up to fifty individuals. We base our effectiveness on the ability to provide transmitters to individuals who demonstrate a need. It is our hope that these clients never need the services that we provide, but it is a tool that will h

11. What is your plan for the program's financial sustainability and continuity once the AFA grant has been fully expended? Please provide a separate attachment if additional space is needed.

Project Lifesaver has become an integral component of our law enforcement department. Not only does this program help us serve and protect the community, but also it allows for the safe return of loved ones to their families. This program has the internal commitment from team members such as the Sheriff and the County Commissioners.

12. List current funding sources for this program:

Source	Amount
Laramie County-General Budget	\$0.00
	\$
	\$
	\$
	\$

13. If you receive this grant, will there be a fee for the program? ☐ Yes ☒ No

If yes, what is the amount? \$_____ ☐ Daily ☐ Weekly ☐ Monthly ☐ Annually

ANNUAL PROGRAM BUDGET:

Note: Please provide the program budget only (not organization budget) and specify the exact use of AFA grant funds in the center column labeled "Funded by AFA Grant- If Awarded"

	Total Budget	Funded by AFA Grant if Awarded	Other Sources

Grant Conditions:

AFA funding is based on the premise that partnership and collaboration are the cornerstones of our efforts to achieve AFA's mission to provide support, education, and research towards Alzheimer's and other dementia related brain diseases in our communities. AFA recognizes the rights and authority of Grantees, through their governing bodies, to determine their own policies and manage their own programs. As a result, AFA delineates the following grant conditions to be acknowledged by Grantee as part of their obligation upon acceptance of grant funding.

- Recognize AFA as a funder and partner on the agency website with a link, listing and/or logo
- As appropriate
 - b. Acknowledgement in annual report
 - c. AFA logo placement on funded program brochures, flyers and mailings
- Grantee will "Like" AFA on Facebook and "Follow" on Twitter, if grantee has said social media accounts. As appropriate, Grantee will "Share" and/or "Like" AFA Facebook posts of relevant interest to their followers and "Favorite" and/or "Re-tweet" Twitter posts.
- Grantee will provide AFA with a full color EPS or high resolution (1-2MB) JPEG of the agency logo to be emailed to grants@alzfdn.org.
- Grantee will agree to advocate for and positive represent AFA to the general public.
- Use the AFA Grant funding for the sole purpose of the specified program outlined in this application.
 - a. Allowable Expenses include, but are not limited to:
 - 1. Administrative expenses
 - 2. Staff training
 - 3. Travel and transportation expenses
 - 4. Staff salary (inclusive of payroll taxes and benefits) for staff involved in program implementation
 - 5. Occupancy
 - 6. Supplies and equipment
 - b. Unallowable Expenses include:
 - 1. Costs that do not support or benefit the program, or are not necessary in carrying out the program
 - 2. Salary increases as the single reason for increased request
 - 3. Membership fees
 - 4. Costs or expenses incurred outside the grant period
 - 5. Expend grant funds not in accordance with the budget submitted, approved, and included as part of the submitted application
 - c. Communicate in writing to AFA, as early as possible, whenever changes which may affect the outcome of the program have occurred, including key staff changes.

PUBLICITY WAIVER

I understand that should my organization's grant proposal be approved, information about our program and/or service may be used during various Alzheimer's Foundation of America's publicity and fundraising opportunities, including printed articles and press releases.

Contact Person: Kevin James Title: Undersheriff

By checking this box, I acknowledge the above Grant Conditions and Publicity Waiver.

AFA Project Lifesaver International Grant-Additional Info

Description of Program:

Project Lifesaver utilizes radio technology that provides tracking through a wristband worn by the participant. It is a tested method that is reliable, responsive practical and affordable. Project Lifesaver relies on this proven radio technology in conjunction with a specially trained search and rescue team. Clients that are enrolled in the Project Lifesaver Program wear a personalized wristband that emits a tracking signal. When caregivers notify the Project Lifesaver agency that their loved one is missing, a search and rescue team responds to the wanderers last known location and starts searching with the mobile locator tracking system. We have been able to provide Project Lifesaver to our community at no cost to the families. This has been made possible by the generous businesses, individual donations and foundation grants made to the program. Project Lifesaver currently serves approximately 28 clients in our community and we endeavor to continue offering the program to additional clients without them having to incur costs. We are requesting assistance with adding an additional 14-15 transmitter to our program for clients.

Organization's Mission and Services:

"The Laramie County Sheriff's Department in partnership with the community is dedicated to providing ethical and professional services that promote and protect the well-being, safety, and security of all people in the County; and to operating a safe constitutional jail system."

The Laramie County Sheriff's Department was first formed in 1867 and is located in the rural Southeast corner of the State of Wyoming. Positioned between I-80 and I-25 intersecting in Cheyenne, our Capital City. Our department had 23,809 calls for service in 2020 that spanned 2,688 square miles of rural county. The department provides a wide array of services to our community to include community policing, detention, education and public services. We are aware of the ever-changing dynamics of law enforcement and we strive to serve our community, while carrying out our statutory requirements.

The population of Laramie County is approximately 100,770 per the 2021-estimated consensus, with approximately 11,790 people living with reported disabilities (11.7% of the population). Our population is predominately Caucasian, English speaking, with a low poverty rate of 9.5%. Over 16.5% of Laramie County's population is over the age of 65 with 11.8% of that population not having health insurance.

The Laramie County Sheriff's Department runs "Project Lifesaver" through the Search and Rescue function that is mandated by the Wyoming State Statute 19-13-117. The project is a rapid response partnership aiding clients living with Alzheimer's, Autism, Down syndrome and

other cognitive disabilities. Project Lifesaver is a service that the Sheriff's Department provides to the citizens of Laramie County and has done so for over eleven years. The Laramie County Sheriff's Department has 145 Sworn Deputy positions (23 unfilled), and a civilian staff of 55 individuals (six unfilled) and 9 part time employees (two unfilled). The Project Lifesaver Program has nine volunteers.

1. Brief Overview of the Program

The Laramie County Sheriff's Department is a law enforcement agency that serves and protects the community. With a broad scope of services, we offer a variety of public safety programs. One such program is Project Lifesaver that is operated in partnership with the City of Cheyenne Police Department and the Wyoming Mounted Association Search and Rescue Team. Project Lifesaver is considered a supplemental program or service that is offered to the public and is not standard or required within the budget. Our department feels that this program is a benefit to our community and we try to support its operations. However, funding is often limited or allocated to other law enforcement requirements. We would like to collaborate with the Alzheimer's Foundation to ensure that Project Lifesaver can reach additional community members at no cost to their families. If we are funded, we would be able to provide additional outreach and offer services to an additional fourteen individuals who are prone to wandering. Grant funds would be used to purchase fourteen transmitters to include wristbands and batteries along with printed outreach materials.

2. Objectives/goals of the program:

According to national statistics, 60% to 70% of all people with Alzheimer's will wander away from safety, which is six out of ten individuals. Our program is primarily comprised of individuals with Alzheimer's utilizing the technology of Project Lifesaver. The cost of the personalized transmitter is \$375 and includes replacement wristbands and batteries for one year (the transmitter is secure to avoid tampering or removal). Other expenses include the purchase of the monitoring equipment and the cost of repairs or replacement items. Our department utilizes volunteers to reduce cost associated with monthly maintenance.

With the services we currently have, we are able to provide the transmitters to families at no cost and provided measurable outcomes for specific individual's participation in the program. Our department utilizes the National Project Lifesaver Database that provides a profile of all clients served to include medical conditions warranting service. This database is secure and only authorized personnel are allowed to access the information, which provides us with additional data that may be used in a search. Our department maintains close connections with our clients and we follow up with them and their families on a monthly basis or more frequently as needed. This relationship allows clients to become familiar and comfortable with first responders who may at some point be looking for them. Project Lifesaver facilitates a rapid response and

location; due to the known fact that the longer an individual is missing, there is a decrease in survival rate.

This request will provide needed services to our community members living with Alzheimer's. Project Lifesaver saves taxpayer dollars by providing a quick response to the last known location of the individual and searches are typically reduced from days or hours to minutes. Average tracking time with the equipment is within twenty-two minutes and individuals are usually found unharmed and are able to be reunited with family immediately. This is why our request of fourteen transmitters and promotional materials is important to serving our ever-growing Alzheimer community.

3. Statement of need for this program:

With the changing population dynamics, Wyoming counties are experiencing an increase of the elderly population and a corresponding Alzheimer patient increase. Our local resources are being tasked with providing care and assistance for this population. Project Lifesaver was started by our county in 2010 and we have served up to fifty clients during this timeframe with fluctuations occurring due to demand. While the clientele basis of the program is strong, it does not meet the needs of the community. Our program currently conducts very limited outreach, due to our inability to provide the necessary equipment to everyone that qualifies. We also have a minimal budget to provide adequate printed materials to everyone. We would like to put our brochures in doctors' offices and assisted living facilities if funded. Recent Wyoming Department of Health data shows that Wyoming has over 9,400 citizens that are affected by Alzheimer's and this number is expected to increase around 34% by 2025 in Wyoming (1.6% of the population).

4. Brief description of how funds will be used:

We are requesting funds to purchase equipment that will directly serve Alzheimer clients by providing them with trackers. This request will allow us to add up to fourteen additional clients to our program and provide those clients with over a year supply of batteries and wristbands. If funded our department would be able to purchase this equipment immediately. Upon receipt of the equipment, we will reach out to the community to offer Project Lifesaver to potential clients and conduct outreach to others in need. We do this through our many community connections to find clients that would benefit from this service. The county's annual budget will fill in any identified gaps, such as providing additional outreach service, transmitter bands and the volunteer services to monitor and replace equipment as needed for clients.

5. Criteria used to determine eligibility:

Project Lifesaver does not limit participation based on any determining factor other than the individuals need for service. We provide service to any Laramie County community member regardless of age, race, nationality, gender or ability to pay.

Laramie County is primarily a rural community and our services extend to smaller jurisdictions such as the towns of Albin, Burns and Pine Bluffs. Our typical client population by definition is underserved. Any citizen that demonstrates a need due to a medical or identified condition, that directly causes them to wander or place themselves in danger, qualifies for a transmitter. The families, physicians, caregivers or friends of the individual can bring this to our attention.

9. Qualifications of the person(s) administrating this program:

The program is operated under the Laramie County Sheriff's Department in partnership with the Cheyenne Police Department. Sergeant Robert Gaskins, will be the lead contact for the Laramie County Sheriff's department and will work with Becky Juschka, at the City of Cheyenne Police Department.

Sandra Newland, is the Laramie County Grants Manager, and will assist the Sheriff's Department in the administration of grant funds to maintain compliance. Ms. Newland is responsible for the administration of all Laramie County grants from federal to foundation and has been with the county since 2010. In addition, Ms. Newland was involved in the Albany County, Wyoming implementation of Project Lifesaver and was trained on the equipment.

10. How will you evaluate the effectiveness of the program?

Project Lifesaver is a program that is fluid within our community. Our population experiences normal fluctuations and we have been able to provide these services to up to fifty individuals. We base our effectiveness on the ability to provide transmitters to individuals who demonstrate a need. It is our hope that these clients never need the services that we provide, but it is a tool that will help locate them safely in an efficient manner if they do wander. We would be thrilled if the Alzheimer's Foundation of America would collaborate with us to provide transmitters to an additional fourteen- fifteen clients. Grant funding will go directly towards the equipment and outreach as specified in the budget and the department will cover other costs. Our department views this program as a mechanism that allows us to serve the vulnerable to meet our mission of protecting human life.

11. What is your plan for the program's financial sustainability and continuity once the AFA grant has been fully expended?

Project Lifesaver has become an integral component of our law enforcement department. Not only does this program help us serve and protect the community, but also it allows for the safe return of loved ones to their families. This program has the internal commitment from team members such as the Sheriff and the County Commissioners.

As long as the community needs Project Lifesaver, our department will be administering this critical piece of civic protection. In 2017, the Alzheimer's Foundation of America generously provided our program with \$5,000 towards the purchase of an additional sixteen transmitters and

two hundred and ten batteries. That award was critical to removing the need for a waiting list and getting clients in the Project Lifesaver program. All sixteen transmitters were assigned to clients and the batteries were changed for those clients on a monthly basis. Thank you for your support to individuals with Alzheimer's in our community.

Additional Information:

A. Funding Request

The Laramie County Sheriff's Department is requesting \$6,000 in grant funds to supplement and expand its existing Project Lifesaver Program.

Project Lifesaver utilizes radio technology that provides tracking through a wristband worn by the participant. A tested method that is reliable, responsive, practical and affordable. Project Lifesaver relies on this proven radio technology in conjunction with a specially trained search and rescue team. Clients that are enrolled in the Project Lifesaver Program wear a personalized wristband that emits a tracking signal. When caregivers notify the Project Lifesaver agency that their loved one is missing, a search and rescue team responds to the wanderers last known location and starts searching with the mobile locator tracking system. Project Lifesaver allows individuals to be active in life from school, work and social activities without families having to worry about their loved ones potential for wandering off. Project Lifesaver simply looks like a watch, so it is not an apparent or obvious physical characteristic separating the individual from his or her peers. This technology allows participants to enjoy everyday life without restriction or limitations of any kind for complete inclusion.

We have been able to provide Project Lifesaver to our community at no cost to the families that are participating. This has been made possible by the generous businesses, individual donations and foundation grants made to the program. Project Lifesaver currently serves approximately twenty-eight families in our community and we endeavor to continue offering this program to additional clients without them incurring any costs. In Wyoming, it is estimated that there are over 28,000 caregivers to those with Alzheimer's or Dementia. It is our hope and goal to provide services to an additional fourteen families in the Laramie County Community through this grant funding.

Project Lifesaver has strong community support within Laramie County to include the Sheriff's Department, the City of Cheyenne Police Department and the Wyoming Mounted Search and Rescue Association. Our department recognizes that disabilities, such as Alzheimer's, are on the rise in our community. Project Lifesaver is a beneficial answer to many families worried about the wandering of their loved ones. It is a complete program, with training, support, equipment,

and consultation that allows the client and their family to be directly involved with the first responder community.

If funded our department will work to purchase and implement the additional wristbands to the vulnerable population in need. We will work on outreach activities and provide new promotional materials to families, doctors and nursing homes. We anticipate being able to complete this within a two year period. After that period, our department is committed to continuing to provide services to these individuals and will continue to provide them with wristband and battery changes at no cost.

Transmitters (includes wristbands and batteries) \$375.00 each x 15 = \$5,625.00

Outreach and printed materials (brochures, pamphlets) 315 items at approximately \$1.19 each for a total of \$375.

Total grant request \$6,000 for a two-year period; however, funds can be allocated within six months as required.

1. Sources of income on project-our project does not generate income and we do everything on a volunteer basis at no charge to the participant.
2. We have no existing Project Lifesaver budget and do everything on volunteer or on donation basis.

A. Other Supporting Materials

1. Laramie County Sheriff's Department is a governmental organization with no board members or board of directors.
2. IRS Determination Letter (See Attached)
3. Resume of Key Staff (See Attached)

Key Staff for Project Lifesaver

Undersheriff Kevin James has been employed as a Peace Officer with the Laramie County Sheriff's Office for 23 years. Undersheriff James has personal experience overseeing many missing/lost person incidents and understands the value that the Project Lifesaver technology brings to public safety; additionally he has been involved in the grant application process and budgetary oversight to purchase additional Project Lifesaver equipment.

Sergeant Robert Gaskins is a veteran of the United States Air Force and is currently a member of the Wyoming Air National Guard. Robert Gaskins began his law enforcement career in 2001 in North Carolina. Robert began his career with the Laramie County Sheriff's Department in May of 2013. Robert was promoted to Patrol Sergeant in September of 2015. Robert was transferred to the Administrative Sergeant position in September of 2020. In addition to the above, Robert has been a Field Training Officer, a member of the Laramie County/Cheyenne Police Department combine EOD Team, a Firearms Instructor, a Crisis Intervention Team Deputy, and the training coordinator for the Laramie County Sheriff's Department. As part of Robert's role as the Administrative Sergeant he has overseen the Project Lifesaver Program for the Laramie County Sheriff's Department.

Sandra Newland has been the Laramie County Grants Manager for eleven years and has overseen a previous Alzheimer's Foundation grant application and award. Ms. Newland has experience in the establishment of Project Lifesaver with knowledge on the equipment and process of the program. She is able to assist the Sheriff's Department with all needs related to grant compliance and reporting if funds are awarded.

Streamlined Sales and Use Tax Agreement

Certificate of Exemption

This is a multi-state form. Not all states allow all exemptions listed on this form. Purchasers are responsible for knowing if they qualify to claim exemption from tax in the state that would otherwise be due tax on this sale. The seller may be required to provide this exemption certificate (or the data elements required on the form) to a state that would otherwise be due tax on this sale.

The purchaser will be held liable for any tax and interest, and possibly civil and criminal penalties imposed by the member state, if the purchaser is not eligible to claim this exemption. A seller may not accept a certificate of exemption for an entity-based exemption on a sale made at a location operated by the seller within the designated state if the state does not allow such an entity-based exemption.

1. ☐ Check if you are attaching the Multi-state Supplemental form.
